# Viet Cong Overrun Provincial Capital, Killing Five Yanks

### Airborne Units, Planes Repulse Guerrillas In Counter-Attack

SAIGON (UPI) — Viet Cong shock troops overran a provincial capital today, killing five Americans and wounding 13 in fighting that included a gun battle in a U.S. Army mess hall. Airborne reinforcements and American planes repulsed the guerrillas in a massive counter-attack.

Incomplete casualty reports said 15 Vietnamese soldiers were killed and 37 wounded when a large Viet Cong force stormed through Song Be, the capital of mountainous Phouc Long Province 75 miles northeast of Saigon.

The battle came on the heels of a massacre of Vietnamese troops by guerrillas in Hau Nghia Province just outside of Saigon yesterday.

Reliable military sources said 116 Vietnamese soldiers were killed or missing in the Hau Nghia slaughter and another 78 were wounded. Most of the missing were believed to have been killed.

Reports on the Hau Nghia fighting leaking out today said a battery of 155 mm howitzers fired two rounds which landed accidentally in the midst of a Vietnamese battalion which had been sparring with guerrillas since last Friday.

**TOSS WEAPONS**

Just as the Vietnamese troops were shaking off the shock of the howitzer blasts, government Skyraider planes flew over and the soldiers panicked, throwing down their weapons and running into a field covered by Viet Cong machinegun fire.

The Vietnamese apparently feared that the planes might accidentally bomb or strafe government positions. A similar incident occurred a month ago.

Military sources said the guerrillas captured almost 100 weapons in the Hau Nghia disaster, including 12 automatic rifles and three machineguns.

Hospitals and morgues in Saigon were jammed with the overflow of dead and wounded. Corpses were piled like cordwood on cemetery grounds outside Saigon's military hospital.

**LONG ROWS**

The wounded lay in long rows in the hallways of the hospital.

In air action against North Viet Nam today, U.S. Navy jets flew a dawn mission from the decks of the carrier Oriskany, scoring three direct hits on a highway bridge 80 miles south of Hanoi with nine tons of bombs.

The counter-attack in South Viet Nam was aimed at Communist fortifications on a river bank 3½ miles northeast of Song Be.

Guerrilla forces dug in on the southern bank of a horseshoe bend in the Song Be River seven hours after they completely overran the town in one of the most determined Viet Cong attacks of the war.

# Dominican Peace Hinges On Bid To Unseat General

NORRIS D. GARNETT
Ordered out of Moscow

SANTO DOMINGO (UPI) — The Dominican political situation was thrown into confusion and a new crisis today when Brig. Gen. Wessin y Wessin apparently reneged on a promise to resign from the armed forces.

The rebels had demanded Wessin's ouster as one of a series of conditions before talking peace. The U.S. Embassy said yesterday he had resigned, but today a U.S. briefing officer said the Americans were trying to find out if he had resigned and then changed his mind.

"We're not certain that's what happened," the briefing officer said. "That may be what happened."

The rebels apparently were getting more militant toward the U.S. Marines and 82nd Airborne troops here. Yesterday they used mortars for the first time against the Americans and sent mortar shells within 100 yards of Marine general headquarters. There were no casualties.

Yesterday afternoon the rebels fired on a platoon of eight paratroopers with two machineguns and

er, yesterday at a speed of about 10 automatic weapons. They killed one paratrooper and wounded seven. American officials used the term "firefight" — a spirited exchange of firing—to describe the action. The paratroopers opened up with two rounds of 106-mm recoilless rifle fire to end the fighting.

**MOVE TANK**

Today the rebels moved up a tank to within 300 yards of the Marine-paratrooper corridor bisecting Santo Domingo and penning a large rebel force in a corner of the city. There was no firing.

U.S. officials said there was sporadic sniper fire during the night in the Marine secor but no casualties and that there were 12 separate incidents.

**80 WOUNDED**

The U.S. briefing officer said the total casualties so far were 15 American dead and 80 wounded. Six paratroopers were killed and 56 wounded. Seven Marines were killed and 24 wounded. Two other Navy men were killed accidentally.

## Braceros Request Endorsed

SACRAMENTO (AP) — California's employment director today endorsed a request for 2,150 more Mexican workers for immediate use in the Salinas Valley strawberry and vegetable harvest.

Director Albert B. Tieburg sent the request to the U.S. Labor Department as representatives of the state, California's Mexican- American community and growers met in San Jose to try to solve the state's farm labor crisis.

The new request is in addition to 1,063 braceros previously approved by Labor Secretary W. Willard Wirtz for work in the Salinas Valley, where crops are reported rotting because of the labor shortage.

None of the braceros has arrived, but 342 Japanese nationals and 80 Filipinos are at work now in the Salinas Valley, Tieburg said.

## $20,000 Clothing Stolen From Store

Burglars smashed a glass door to Louis George Men's Shop in the Corte Madera Shopping Center and made off with about $20,000 worth of clothing before they apparently were frightened away at about 2:30 a.m. today.

Owners Louis Malvino and George Campanelli reported that about 400 suits were missing, along with two dozen sweaters and two dozen neckties.

The burglars apparently were frightened by the arrival of Police Officer Harvey Zion, who drove his police car down the mall of the shopping center.

The patrolman saw suits stacked on a planter near the Montgomery Ward Co. store and stopped to investigate.

He then found that one of the two glass doors of the men's shop, leading to the mall, had been smashed by a pry bar, which had been used to try to pry open the door.

The pry bar and a bath towel, apparently used to remove glass, were found near the door. A coat hanger and six sweaters were on the planter in the mall.

Stores in the center had been checked by a private patrol service at about 2 a.m., police said.

Malvino said the average value of the suits taken was about $50. He said the thieves must have had a truck and probably would have cleaned out the store if there had been time.

The same door was smashed in an attempt to enter on March 17, but at that time the thieves were frightened away when the glass broke and did not enter the building.

## Baar Wants Board Probe Of Teachers

City Councilman Louis H. Baar said today it is up to the San Rafael Board of Education and schools administration to investigate charges concerning a small group of high school teachers which he reported at the May 3 city council meeting.

Baar, during discussion of a board of education appointment at the meeting, said, "San Rafael High School is a good school, but . . . apparently we have a small group of teachers who are intimidating other teachers down there . . . and some of the things they teach couldn't be repeated in this room." He said today that in the last part of his remark, he referred to the small group, not to the faculty as a whole.

The professional relations committee of the San Rafael Teachers Assn., in a letter by E. B. Gearhart, chairman, yesterday wrote Baar asking that he "take these serious concerns to the board of education in personnel session to report your investigations and findings in full. . . .

"If you do not have a basis for the charges you have made, or if the quotes attributed to you are not completely accurate you have an obligation to the teachers and children of San Rafael to retract or clarify your allegations."

Baar said he turned over his information to a school board member and school official last week.

"I was concerned about the information I received, and I felt these people were the proper ones to find out the truth of these stories and do what they feel necessary," he said.

"I did not mention the names of the people who submitted the information to me, nor the names of the teachers against whom the charges were made."

## Russ Ousting U.S. Negro As Spy Recruiter

MOSCOW (UPI)—The Soviet Union today accused an American Negro diplomat of trying to recruit spies among African students in Moscow and ordered him expelled from the country.

Norris D. Garnett, 32, a United States information officer attached to the embassy's cultural section, denied the charges.

The government newspaper Izvestia alleged that the Los Angeles Negro "asked African students to gather intelligence information about our country," adding:

"Garnett tried to turn them into agents of American imperialism and buy their souls."

The newspaper charged that Garnett tried to encourage African students to "leave the Soviet Union and forget about the interests of their people."

Izvestia said that "nobody had any doubts that he (Garnett) was an agent of American intelligence" during a pre-

## Poll-Tax Ban Amendment Is Rejected

WASHINGTON (AP) — The Senate rejected today an amendment to the Negro voting rights bill that would have banned poll taxes as a requirement for voting in state and local elections.

The vote was 49 to 45.

The amendment, offered by Sen. Edward M. Kennedy, D-Mass., and 38 other senators and strongly supported by civil rights groups, was opposed by the administration and Senate leaders as of doubtful constitutionality.

The bill contains a provision directing the Attorney General to test in the courts the constitutionality of poll taxes still collected from voters in four states —Alabama, Mississippi, Texas and Virginia.

Senate leaders hoped that defeat of Kennedy's amendment, an issue that has divided supporters of the bill, would open the way for passage of the voting rights measure by the end of the week.

Sen. Allen J. Ellender, D-La., spokesman for Southern senators battling the bill as unconstitutional, said they decided at a closed strategy meeting to block any request for an over-all debate limitation agreement.

Ellender said, however, they would not object to limiting debate on individual amendments as they are called up.

He said the Southerners have only had one amendment brought to a vote so far and have others they intend to offer.

## Save Redwoods League Buys 2,000-Acre Site For Park

SAN FRANCISCO (AP) — Purchase of 2,000 acres of redwoods in Humboldt County for the state park system, including celebrated Fern Canyon and four miles of Gold Bluff Beach on the Pacific Ocean, was announced today by the Save the Redwoods League.

The acquisition was made from the Pacific Lumber Co.

The state Department of Parks and Recreation said a $5 million state budget item is necessary to match league funds to complete the deal.

The lumber company is giving 30 acres of Fern Canyon to the state, which is taking title to 500 acres.

The league is acquiring 1,000 acres and contracting to purchase an additional 500 acres in two years. The league will raise half the cost.

The entire 2,000 acres is to become part of Prairie Creek Redwoods State Park, which it adjoins.

### Controversial F-111 Tested By Air Force

EDWARDS AFB (UPI)—The Air Force has tested for the first time the controversial F111 supersonic jet fighter bomber, it was disclosed today.

Lt. Col. James W. Wood flew the variable sweepwing craft, formerly called the TFX fighter, Monday at a speed of about 760 miles an hour of 1.2 times the speed of sound over this desert base.

### Teamster Pickets Beat Police Officers

LAWRENCEBURG, Tenn. — (UPI) — A sheriff, a police chief and a police officer were severely beaten today by stick-swinging Teamsters pickets at the Murray Ohio Co. plant.

The officers were struck and beaten to the ground when they attempted to disperse an estimated 75 pickets who sat in a road blocking an entrance to the strikebound bicycle manufacturing plant.

Some Marin residents yesterday were treated to weather indicative of the summer months to come.

High temperature for the county was recorded in San Anselmo at 90 degrees. San Rafael, Novato and Woodacre all posted readings of 84.

Mill Valley had a temperature of 83, Fairfax and Ross posted 80, Belvedere 76, Sausalito 72 and Inverness 69.

### Strong Earthquake Shakes Anchorage

ANCHORAGE, Alaska (AP) — A strong earthquake shook the Anchorage area about 7:38 a.m. — 1:48 p.m. EST — today. There were no immediate reports of damage or injury.

In Seattle, the University of Washington seismologist Norman Rasmussen, said that from a visual reading it appeared as if the quake has an intensity of about 6 on the Richter scale.

### Artist-Poet Named As 'Miss Marin'

Artist and poet Marie Elizabeth Oare, 19, of San Rafael, was chosen last night as "Miss Marin County" for the "Miss California" and "Miss America" contest.

Judging was held at the Corte Madera Recreation Center in what had been planned as a Miss Marin County pageant. The The sponsors, the Corte Madera-Larkspur Junior Chamber of Commerce, canceled the show because of lack of contestants.

Miss Oare, daughter of Mr. and Mrs. Barrett Oare, 66 Hillview Avenue, San Rafael, is a San Rafael High School graduate. In the talent section of the contest, she read her own poetry and showed paintings she had done.

**BAND PARADES IN SANTO DOMINGO**

Music's charm may soothe the savage beast, but these members of the 82nd Airborne Division band apparently aren't counting on it as they hold band concert in full battle dress, with rifles slung over their shoulders, in Santo Domingo yesterday. A sentry (foreground) listens. The band paraded through the streets of the city and drew boos and cheers from civilians.

# Study Shows Need For Draft

WASHINGTON (AP) — Pentagon experts estimate it would cost up to another $3 billion to $5 billion a year to raise military pay and incentives enough to attract an all-volunteer military force.

This calculation, sources said today, has been made by officials studying the draft and other means of getting manpower necessary to maintain the armed services at their required strengths.

This study, it is understood, will show that the draft must be continued at least until 1970.

However, sources said the report will make a series of recommendations that are designed to stimulate enlistments, utilize manpower resources now untapped because of high mental standards and possibly substitute civilians in some of the jobs now handled by men in uniform.

By a combination of means, it is hoped to reduce reliance on the draft.

The study was ordered by President Johnson in April 1964. It was supposed to have been submitted to the White House by April 1. That target has slipped to about June 1.

Johnson launched the study with considerable fanfare. Military officials have said privately they believe the impression became widespread that the draft would be ended. This, they said, has caused a drop-off in enlistments in all services because many enlistments are believed to be made with the prod of the draft in the background.

The Army is the only one of the services now drawing on the draft and just last Friday the Pentagon ordered the biggest monthly draft call in 20 months — 17,000 men for the Army in June.

The services need about 500,000 men a year to fill the slots left by the turnover of men whose terms of service run out or who retire.

Most men now drafted average 22 years of age. There is discussion of dipping down and drafting youths younger than that, possibly at the minimum age of 18. This might spur youths in those brackets to enlist.

Calculations by the group of 30 specialists conducting the draft study suggest that the U.S. forces will remain at about the present level — 2.7 million — at least until 1970.

A hefty across-the-board pay increase which might attract and hold a force of career servicemen apparently ranks fairly well down in the list of proposed recommendations because of the cost involved.

At present levels, the Defense Department spends about $12 billion a year in military pay and allowances.

Among the possibilities now being considered is the substitution of civilians for thousands of military men in such jobs as supply clerks, clerical staffers and hospital attendants, among others.

On the face of it, this could appear to point to a higher cost since civilian salaries might be expected to be greater than those paid to men in uniform.

They note that civilian workers would not be clothed, housed or fed by the government as are soldiers. Also, they would be trained in advance.

# Many Of U.S. Fruit Crops Hit Hard By Cold Winter

CHICAGO (AP) — Winter's cold and spring's violence delivered a multimillion-dollar one-two punch to many of the nation's fruit crops this year, an Associated Press survey indicates.

Heavy damage from California to New England was reported. Only the Southeast escaped major losses.

Preliminary estimates placed fruit crop losses at more than $10 million, conservation and state officials said.

Hardest hit was the lush apple and peach country of the Northwest where subzero December cold and spring frost all but wiped out the production of many orchards.

The weather's victims included peaches, apricots, cherries, apples, pears and strawberries.

Washington State officials said pear and cherry crops had been heavily damaged and the apricot and peach crops ruined. The strawberry crop in the western half of the state was expected to be 50 per cent below last year's yield.

Oregon reported extensive damage to strawberries and cherries in the Hood River, the Dalles, Freewater and La Grande areas.

Utah, where one county has suffered an estimated total of $4 million in fruit loss, has asked President Johnson to declare five counties disaster areas.

The extended winter took its heaviest crop toll across the country in strawberries.

California reported its valuable crop seriously damaged, with losses in Los Angeles County estimated at $4 million.

## Children Ire Neighbor; Mother Shot

ALAMEDA (AP)— A 33-year-old mother of seven was fatally shot when an elderly neighbor became irate because children had kicked a football into his yard.

Police said Mrs. John Hamilton was shot in the back as she walked away from an argument with the neighbor, James Carlyle Jensen, 68. She died late yesterday at an Oakland hospital.

Jensen fired three shots, police said. One hit Mrs. Hamilton, the second missed and the third grazed Robert White, 18, of Alameda, who was visiting Mrs. Hamilton's daughter, Rosemary, 18.

Jensen was booked for investigation of murder.

White said he and Raymond Vargas, 15, one of Mrs. Hamilton's children by a previous marriage, were playing football. The ball bounced into Jensen's yard.

## Giant Test Bomber's Near-Crash Revealed

EDWARDS AFB (AP)—A small chunk of steel ripped through three engines of the giant XB70-A bomber during supersonic flight, officials say, almost ending the plane's troubled career.

Officials said the $750-million plane, flying at its fastest and highest ever — 1,680 miles an hour at 64,000 feet — was almost lost in the mishap last Friday.

Test pilots Al White and Lt. Col. Fritz Fulton reported they first thought all six of the plane's engines were destroyed, but found three operating properly and a fourth that could produce partial power. They landed the craft safely on a dry lake bed.

At the time, the aircraft firm announced only that the flight was cut short by unexplained buffeting.

Spokesmen said yesterday that a triangular piece of thin stainless-steel skin had ripped off the apex of the under wing and hurtled aft through the air intake, shattering the No. 4, 5 and 6 engines.

North American spokesmen said the plane would be repaired but set no target date.

For an experimental plane that almost didn't get built, the XB70A has experienced numerous mishaps, ranging from burned up brakes, bad light bulbs and peeling paint, to its latest emergency.

## Republicans Seek To Loosen Demo's Hold In Mississippi

JACKSON, Miss. (AP) — Voters in nearly 200 municipalities nominate city officials today in Democratic first primaries while some areas hold primaries for Republicans seeking to loosen the traditional Democratic hold on local government.

Republicans, who two years ago elected Prentiss Walker their first congressman since Reconstruction, have put up 55 candidates in 18 cities—the largest showing in this century.

All but 13 special charter cities held first primaries. Run-offs, where necessary, will be held May 18 with the general election on June 8.

Polls open at 7 a.m. and close at 6 p.m. Voters must have poll-tax receipts for the past two years. The poll tax is $2 a year.

Party affiliations have played little part in most of the campaigning. Most candidates seemed to run on issues rather than party lines.

Most of the GOP candidates are unopposed for their party nomination and will not be voted on until the general election. Democrats are also unopposed in many races.

Mississippi gave 87 per cent of its vote in the presidential election to GOP candidate Barry Goldwater.

Three Negro women qualified as candidates for city posts in the Greenwood Democratic primaries — Alice Blackwell for mayor, Pinky Picher for street commissioner and Mary Lane for fire and police commissioner.

### FDR Jr. Pleased About New Job

WASHINGTON (AP) — Franklin D. Roosevelt Jr. says he regards his appointment to head the new Equal Employment Opportunity Commission as "a wonderful opportunity, a great challenge and a promotion" over his present job as undersecretary of commerce.

Roosevelt

Asked in an interview if he regarded the appointment by President Lyndon B. Johnson as a stepping stone to a possible political comeback, he said:

"The election for the governorship of New York is still a year and a half away. It's much too early to make any decision about that."

Roosevelt, son of the late president, has not run for elective office since he was defeated in a statewide race for New York attorney general in 1954.

He has been mentioned as a possible Democratic candidate to oppose Republican Gov. Nelson A. Rockefeller's expected third-term bid in New York next year. He noted that as commission chairman he expected to do a good deal of speach-making in both North and South.

"One of the commission's main functions will be advocacy of elimination of discrimination in employment," he said.

### Beverly Aadland's Mother Dies

LOS ANGELES (AP)—Mrs. Florence Adland, 55, mother of the late Errol Flynn's protege, Beverly Aadland, died yesterday while under treatment for intestinal bleeding and cirrhosis of the liver.

Mrs. Adland

Mrs. Adland was convicted in 1960 of contributing to her daughter's delinquency and sentenced to 90 days in jail.

Mrs. Adland and her daughter burst into the news in 1959 after Flynn's death in Vancouver, B.C.

Mrs. Adland talked at great length with reporters about her daughter's affair with Flynn. She said they met when Beverly was 15 and dancing in a movie and began continuous dating. The mother said it would take her daughter a year to get over Flynn's death. The following year one of Beverly's rejected suitors died as they struggled over a gun. She became a night club entertainer, later was married and divorced.

## Attorney For Twin Says Death Accident

PASADENA (AP) — Wealthy Todd Nicholson's death resulted accidentally from an argument over his impersonation of his twin, Timothy, says the lawyer defending that twin against a charge of murder.

Both prosecution and defense maintained yesterday that one twin threatened the other with death before Todd died of a gunshot wound last Dec. 7.

The shooting took place in a Temple City apartment building owned by the 22-year-old real estate developers, heirs to the Cudahy Packing and Pullman Sleeping Car fortunes.

"We expect to produce evidence that before the fatal shot the defendant was shouting at his brother, that he kicked him and shouted 'I'll kill you,'" said Dep. Dist. Atty. Sid Cherniss.

Defense attorney Max Fink said the threat to kill was made by Todd.

It came, said Fink, when Timothy accused Todd of impersonating him to take out a $1 million insurance policy on his life.

Fink said the twins' mother, Roberta, told Timothy the day of the shooting that his brother had posed as him for a physical examination required for a policy that presumably would have benefited Todd should Timothy die.

Fink said the defense intends to prove that a blow from Todd's own fist triggered the rifle shot that killed him.

It will further prove, he said, that:

Todd was "vicious, arrogant, violent and his actions were uncontrollable when he was enraged."

He feared people were after him and so carried a gun at all times.

It was this gun—an automatic pistol in a shoulder holster—toward which he was moving when Timothy grabbed a 22-caliber rifle from a wall rack and fired a warning shot into the floor, Fink said.

### Monterey Gets Woman Mayor

MONTEREY (AP)— The city of Monterey, first capital of California under Spanish, Mexican and American rule until 1850, has its first woman mayor.

Mrs. Minnie D. Coyle, a member of the city council for four years, yesterday defeated former mayor Lawrence M. Pollard for the city's chief executive post.

Mrs. Coyle got 1,769 votes to Pollard's 1,449. A third candidate, Joey Olaete, had 861 ballots cast for him.

Mrs. Coyle and Pollard both are Democrats.

The only issue involved in preelection campaigning was whether a woman should be mayor.

# Night Traffic Court Plan Hit

After hearing a report on additional costs involved, the Marin County Board of Supervisors yesterday took a stand against legislation which would require night traffic court at least one night a week in Marin.

Municipal Court Judge Leonard A. Thomas told supervisors that the necessary court personnel would cost $27.33 an hour, while the sheriff's department would have to provide a bailiff, the district attorney would have to provide a deputy, and there might also be need for a probation officer, a public defender and a switchboard operator.

Judge Thomas said, however, that some plead guilty to traffic charges just as a matter of expediency, and that he does not think it fair for a violator to make two trips to court during business hours—one for arraignment and another for disposal of the case.

Judge Thomas said another bill, Assembly Bill 845 would take 90 per cent of the traffic violations out of the criminal field. This would cut down on the number of traffic trials. Supervisors voted to seek more information on this bill.

# Human Rights Group Joins Prop. 14 Suit

The Marin County Board of Supervisors last night authorized the county's Human Rights Commission to become party to a suit challenging the constitutionality of Proposition 14.

The commission requested the board to become a party to the suit, but supervisors questioned the propriety of this.

Supervisor Thomas T. Storer questioned whether the board should enter the suit since the majority of Marin residents voted for the proposition.

Supervisor Peter H. Behr wondered whether a legislative body should attempt to influence the deliberations of the judiciary.

Supervisor Byron W. Leydecker moved that the board of supervisors join in the suit, but there was no second. Storer moved that the board authorize the commission to enter the suit as a "friend of the court," and this passed unanimously.

"Proposition 14 was stillborn and unconstitutional and will be so declared," Behr said.

## Shot Victim Guard Costs Scrutinized

Marin County supervisors yesterday wondered why a 19-year old youth, too seriously injured from a gunshot to be moved, had to be guarded 24 hours a day.

The board baulked at a request for $1,344 to pay men for four weeks to guard Timothy Vincent Ferranti of Redwood City in Marin General Hospital.

Ferranti was shot by a San Rafael police officer while running from a stolen car last Tuesday. Judge Leonard A. Thomas of Marin municipal court ordered the youth placed under guard.

Supervisors suggested that Ferranto be moved to some securtiy ward, perhaps in San Francisco, but county administrator Alan Bruce said the doctors refuse to allow the youth to be moved because he is too ill.

Supervisors decided to appropriate only $336 to pay for guards for one week, with hope that a solution can be worked out by next Tuesday's board meeting.

## Binoculars Are Stolen In Sausalito Theft

Wesley Taylor of Bridgeway, Waldo Point, Sausalito, told sheriff's officers her house was broken into Wednesday and $85.50 worth of property was stolen, including a silver dollar, a Kennedy half-dollar and a pair of binoculars.

Gladys D. Hoaguland of San Francisco reported that her house in Alto Way, Lagunitas, was broken into during recent weeks. A table, antique cot, and some glassware have disappeared, she said.

# County's ABAG Study Cost Is Set At $2,303

Marin County would pay $2,303 toward a Bay Area transportation study under an assessment system to be presented to the executive board of the Assn. of Bay Area Governments May 20 in Berkeley.

The ABAG finance committee has approved the assessment system to finance the association's share, $55,000, in the first phase of a federal study to cost a total of $505,000.

Phase I of the study is scheduled for 1965-66. Phase II, scheduled to cost $770,000, is slated for 1966-67. ABAG's share of Phase II is listed at $120,000.

Assuming that the finance committee's recommendation is adopted, Marin County would pay $2,303, ABAG reported.

If the alternate system of having costs divided between cities and counties is adopted, Marin County would pay $1,152, and nine of the county's cities would pay a total of $792 as follows:

Belvedere, $19; Corte Madera, $64; Fairfax, $55; Larkspur, $61; Mill Valley, $91; Novato, $197; San Rafael, $204; Sausalito, $51; and Tiburon, $40.

Ross and San Anselmo are not members of the association.

## Board To Review Its Responsibilities

Directors of the Marin Hospital District will hold a special meeting at 2 p.m. tomorrow to hear reports on recent conferences and review responsibilities of new board members.

An agreement with the county on planning for community mental health facility is scheduled to be signed at the session.

## Airedale Tries Chimney Escape

Handy Andy, a 19 month old airedale Sunday tried to climb up a fireplace chimney to be with his Tiburon owners.

When the family of Dr. Bruce S. Manheim, 142 Steward Drive, returned home about 2 p.m. they found the dog had worked his way up into the damper.

Tiburon firemen, with soap suds and coaxing, slid Andy out of the chimney into the living room.

## Aboard Denebola

Navy Boilerman 3C Russell J. Murphy, son of Mr. and Mrs. Joseph W. Murphy of 280 Flamingo Road, Mill Valley, has been sent to the Mediterranean aboard the refrigerated stores ship Denebola.

# Supervisors Backing Bill On Crossing

Marin County supervisors yesterday backed State Senate Bill 905 which would expand the powers of the Golden Gate Bridge and Highway District both in study and construction of a second crossing.

The action came after Marin's bridge directors, Thomas D. Hardcastle and George Ludy, appeared before the board of supervisors.

Although the bridge board has not acted formally on a second deck for the present bridge, both Ludy and Hardcastle endorsed the idea before supervisors yesterday.

This brought mixed reaction. Supervisors William A. Gnoss and Ernest N. Kettenhofen said they would favor a second deck if traffic congestion on approaches in Marin and San Francisco can be solved.

Supervisor Thomas T. Storer said the second deck was only a "stop gap" which would put off the ultimate solution, which is rapid transit. Supervisor Byron W. Leydecker agreed.

Board chairman Peter H. Behr, who had to leave the meeting early, said before leaving that he preferred exploration of surface craft as a solution, with fast ferries from Southern Marin and perhaps hydrofoils or hovercraft from northern areas.

Leo Souza, former Tiburon city councilman, told supervisors the second deck "was the only answer."

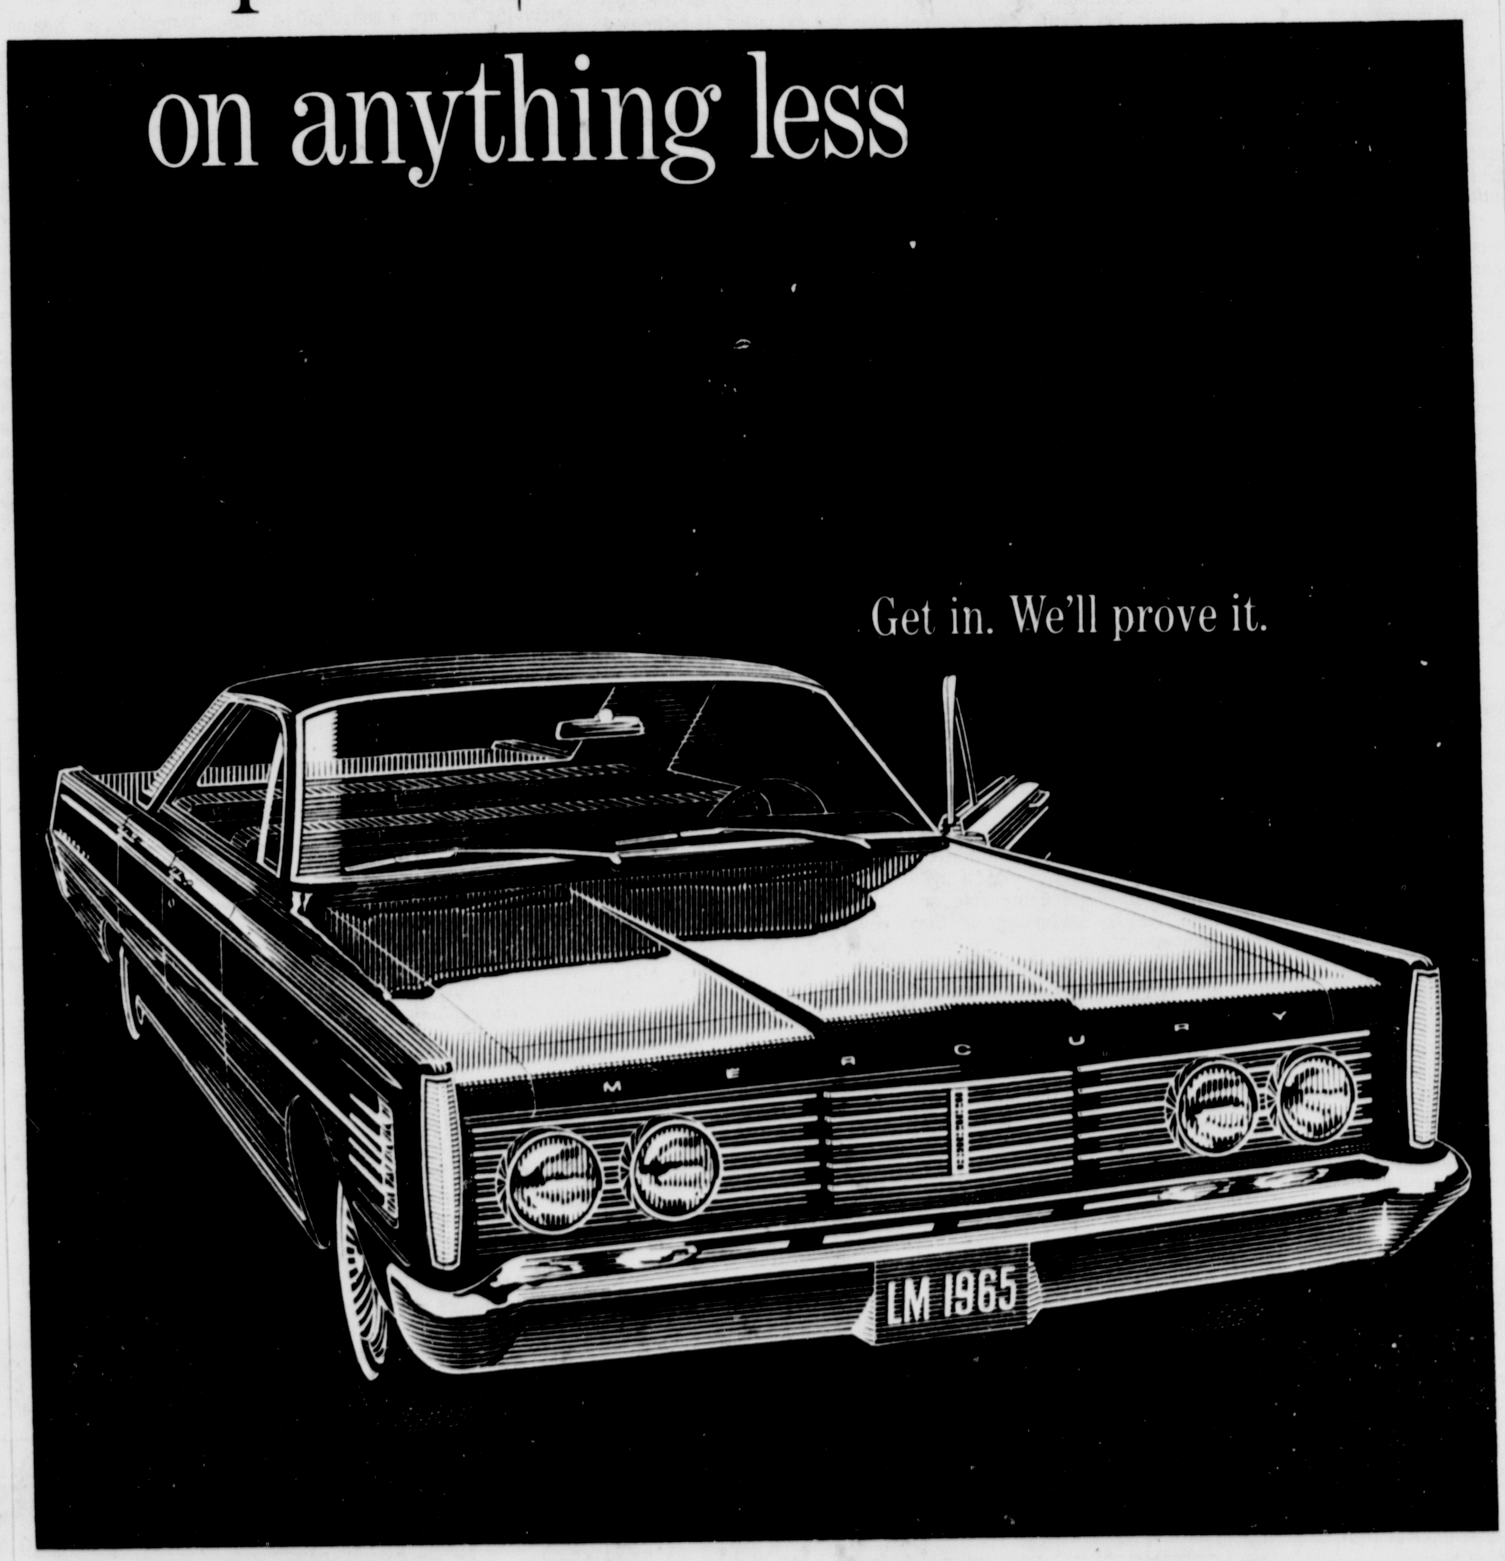

The board finally agreed to take no stand on the second deck plan.

## Takes Training

Airman John J. Jack, son of Mr. and Mrs. La Vern S. Jack of 3 Andrews Court, Hamilton Air Force Base, has completed Air Force basic military training at Lackland AFB, Tex., and will be trained as a missile facilities specialist at Port Hueneme.

# Citizen Group Forms To Protest Tax Hikes

There was no mass protest at the county assessor's information center at Brown's Hall in Mill Valley yesterday, Asst. County Assessor Herschel Johnson said today.

Members of a five-man protest committee, however, said they were priming their big guns for an onslought on the county board of supervisors at equalization hearings in July.

Johnson said about 95 persons, representing some 135 pieces of property, appeared at yesterday's information sessions. The information center was to be open also today and tomorrow from 1:30 to 9 p.m. at Brown's Hall, 390 Miller Avenue.

Chairman of the protest group, Mrs. Chester C. Vargas Jr. of Belvedere, said she and others "have been swamped with phone calls from others outside our city who wish to join us in this mass protest against unfair assessments and taxation."

The steering committee was formed after a citizens meeting last week. Its members are Mrs. Vargas, Mrs. Richard J. Bates, Robert W. Davis, Walter P. Simi and Edwin G. Weed.

In its first meeting last night, the committee agreed it "must be large, articulate and have staying power" to be effective, said Mrs. Vargas. It will soon open headquarters on the Tiburon peninsula to counsel taxpayers in how they can file protests with the supervisors.

Committee members urged taxpayers to go to the Brown's Hall information center and copy any information from their personal folders which could be useful in protests later. Starting Thursday, she said, the assessor's office at the Civic Center will supply photo-copies of all papers in a taxpayer's folder for a small fee.

The steering committee was encouraged by A. Leonard Bjorklund, president of the Sausalito Chamber of Commerce, who said 495 Sausalito taxpayers had filed assessment protests last year. Of these, he said, 325 got reductions totalling $562,390 in assessed valuation.

"When our homes are placed in jeopardy," said Mrs. Vargas, "there comes a time when we have to stand together and fight against unfair assessment and taxation just like our forbears did at the Boston Tea Party."

After the equalization hearings, she said, the committee will concentrate on forming a permanent group called "Operation Watchdog" to keep an eye on all public spending.

# Novato School District To Get Portable Office

Trustees of the new Novato Unified School District (which includes the San Jose Elementary District) last night signed a contract with Modulux Corp. of Hayward for a portable office building of 1,000 square feet, to be installed south of the present administration building at cost of $5,800.

Trustees of the old Novato district, meeting ahead of the new board's meeting, bought 11 acres at Mill Road and Turnbull Avenue from Sono-Marin Builders, Inc., for $ 108,000 as site for new elementary school.

The new board approved an agreement with the San Rafael High school District for high school students from the former San Jose District to continue to attend Terra Linda High School next school year. Involved are about 440 students. Cost to the Novato district will be about $725 per student or $320,000.

Starting a year hence, Novato will absorb incoming freshmen from the former San Jose district.

The board split 3 to 3, with chairman Daniel Barber absent, on furnishing bus transportation to summer school. The matter will be taken up again at its May 24 meeting. Estimated cost is $2,000, said Supt. Jamesh G. Bunker.

Joan Bauer and Ray Damos, resource teachers in San Jose district, and Helen Bacon and Beverly Ehreth of the Novato district were hired as resource teachers for the new district next school year.

Also hired were Judith L. Barboni, Mrs. Jacqueline H. Callahan, Mrs. Helen M. Gentry and Mrs. Bette Jean Kirby for elementary school teachers; Arlene Kean to teach English at Hill Junior High School, and Janet R. Long to teach the educationally handicapped.

The board of the old district accepted resignations of Gail Withuhn, Novato High School teacher, and Gene Hendricks, Junior High school teacher.

It set Hill Junior High School graduation for 2 p.m. June 10 and high school graduation for 8 p.m. on the same day.

Next meeting of the boards will be at 7:45 p.m. June 7.

# Language Aide Backs Unification

Foreign language teaching would be improved under some form of school district unification, Mill Valley School District trustees were told last night.

Miles L. McColm, instructional supervisor for languages for Tamalpais High School District, said: "The break after eighth grade is an artificial thing. If we can have some type of unification . . . it seems to me we will be in a far better position to develop a program from grade six through 12."

McColm said he is impressed with the Mill Valley district's program, which includes French and Spanish, two days per week starting in fifth grade and three days a week at Edna Maguire Intermediate School.

Asked by trustee Joyce Gross if he saw a need for extra-curricular activities such as a language club, William Tasca, language teacher at Edna Maguire, replied, "It's very important. We would like to have this!"

Discussing the fiscal 1966 budget, trustees agreed in general to acquire four portable classrooms for one year at $10,000 and to hire a teaching intern at $5,000 a year.

Tax rate, now $2.80 per $100 assessed valuation, is estimated to rise five cents next year. Total proposed 1966 budget is $1,839,235. Current budget is $1,730,020. The board will discuss the budget again June 14.

These teachers were hired by the board for next school year: Penny Hogan, James McDonough, Mrs. H. Scott Nelson, Dovie Paterson, Sarah Willetts, Ann McFarland, Kathryn Ryan and Sharon May Gowdy.

Resignations were accepted from Mrs. Don E. Bailey, Edna Maguire School, and Mary Jane Whitney, Park School.

Leaves were granted to Mrs. Marjorie Wiley, Edna Maguire; Mrs. John G. Eliot Jr., Old Mill; Mignon Ruegger, Tamalpais Valley; Mary Bahl, Old Mill, and Mrs. Frank Budds, Strawberry.

# Court Of Appeals Blocks Injunction On Bank Voting

The First District Court of Appeals in San Francisco yesterday temporarily blocked a Marin Superior Court preliminary injunction order on May 3 preventing a Redwood National Bank election by shareholders. It then scheduled a full hearing July 20.

The action came on appeal by Byron W. Leydecker, bank president, and his faction for a reversal of the injunction decision of Judge Ben V. Curler, visiting judge from Lassen County, and is request for a writ of prohibition.

Leydecker, whose group seeks to overide a seven-year trust agreement by holding a stockholders' election to change the number of directors from 11 to seven, said today the appeal is based on the same grounds given in the Marin Superior Court hearing.

He said his group contends the voting trust is illegal, and that Superior Court has no jurisdiction in the matter. He alleges if legal actions is needed, it should be in federal court.

The appeal was filed May 4, the day after Judge Curler granted the preliminary injunction to the trust agreement faction headed by Douglas M. Christensen, Roger J. Darrow and Sherman Leland Jr., all ex-directors of the bank, and William G. Corrigan.

The same group also seeks a permanent injunction in Superior Court, but further action in the latter is now pending the July 20 appellate court outcome.

vious tour of duty in Dar es Salaam in East Africa."

Garnett, according to Izvestia, "held wild parties in which he distributed American cigarettes, records, tape and simply money."

The Soviet charge against the American followed by 24 hours the sentencing of a British guided missiles expert to a prison term of 24 years for selling secrets to the Russians. The rocket expert, Frank C. Bossard, had pleaded guilty in a London court. Prime Minister Harold Wilson immediately ordered an investigation of the employment of Bossard.

An official Tass news agency announcement said "the ministry stated a protest to the U.S. Embassy in connection with Garnett's impermissible behavior—he conducted anti-Soviet work among students from African countries—and demanded that such activities by American diplomats be discontinued."

A U.S. Embassy spokesman said Garnett would leave the Soviet Union by the end of the week.

Garnett, a member of the U.S. Information Agency attached to the embassy here, came to Moscow in October, 1964.

## Supervisors Authorize Litigation For Fees

The Marin County Board of Supervisors yesterday authorized litigation to collect fees arising out of the county department of mental hygene and the probation department.

Those owing money to the county are Mr. and Mrs. George S. Ford Jr. of San Anselmo, $2,675; Mr. and Mrs. Fred Helberg of Novato, $77; Gus Kard of San Rafael, $390; Mrs. Oram S. Henderson of Santa Clara, $370; Robert J. Gjedstad of Sacramento, $870; Mrs. Mary A. Perrine of San Rafael, $436, and John Dye of Napa, $1,495.

## Clausen Will Speak At Fusselman Dinner

Rep. Donald H. Clausen R-Crescent City, will be principal speaker at a dinner honoring William D. Fusselman, former county supervisor, May 26 at Dominic's Restaurant in San Rafael.

The dinner for Fusselman, who ended 22 years on the board of supervisors early this year, will be held at 7:30 p.m. Reservations are being taken by a steering committee headed by Supervisor William A. Gnoss.

# Road Block Snags Felon In Nevada

William H. Rogers, 30-year-old escapee from San Quentin Prison's mobile camp at Philo, Mendocino County, was arrested by police in Reno after an attempted armed robbery today in a South Virginia Street restaurant.

Rogers, who walked away from the camp on April 23, was booked on charges of armed robbery, auto theft and kidnaping.

Police said an armed man entered the restaurant's kitchen soon after midnight by breaking a door lock. The raider got no money but took owner Raymond G. Capitain as hostage and made off in a stolen car.

Capitain was released in another part of the city and Rogers was arrested an hour later a few miles north of Carson City at a U.S. 395 road block.

Associate Warden James W. L. Park said the prison has today notified Reno police that Rogers is an escaped convict. He is serving a five years to life sentence for first degree burglary and was committed from Eldorado County on October 17, 1963.

## Credit Cards Record Needed

Sam Loy, assistant manager of Eberhart's Service Station in Mill Valley, asked today that persons who had credit card purchases or purchases by check last Saturday, when records were stolen in an armed robbery, please notify the station so that records can be straightened out.

"We have records of the work but no cash record to turn in," said Loy.

Taken form the station attendant were $500 in cash and nearly as much in credit card slips and checks.

# Brown Urges Controls On Nude Dancers

SACRAMENTO (AP) — "I suppose I'm a prude, I make no bare bones about it. I think a woman looks a little better when she has a little clothing on."

With that statement, Gov. Brown today went on record as favoring some sort of statewide control on California's growing number of bare bosom waitresses and dancers.

Asked if his hometown of San Francisco should be given special consideration because of its colorful traditions, he said "I don't think San Francisco is any different that Los Angeles, Milpitas, Crescent City or any place."

"As for tradition, he said that when he was district attorney of San Francisco, "they told me of a tradition of live and let live." He said he didn't observe it and set about enforcing the laws.

Brown also asked for passage of a bill pending before the Assembly Criminal Procedure Committee to make it easier to prosecute peddlers of obscene literature.

"I am deeply concerned about hard core pornography and the inability to get a bill out of the Assembly," he said.

(Navy officials had said they were expecting some "very important people" but they would not confirm reports the refugees included former Dominican President Ronald Reid Cabral and Rafael Molina Urena, who was acting president the day after the revolt started.)

Col. Francisco Caamano Deno, the rebel leader who is angling for recognition as "constitutional president," had cited Wessin's resignation as one of a number of conditions for possible negotiations with Maj. Gen. Antonio Imbert Barrera's military-civilian junta.

## Phenix To Discuss Older Adults Plan

Richard Phenix Marin County's community service project coordinator, will discuss the first master plan for older adults at the 11th annual meeting and dinner of the Marin Senior Coordinating Council Inc. at 6:30 p.m. May 20.

Reservations for the meeting, which will be held in Alexander Hall on the San Francisco Theological Seminary campus in San Anselmo, may be made by next Monday. Election of officers and directors for 1965-66 will be held.

## Kindergarten Signups

Kindergarten registration in the Mill Valley School District for pupils who will start school in September will be held tomorrow and Thursday at all schools in the district, except Edna Maguire, from 9 a.m. to 12 p.m. and 1 to 3 p.m.

# Court Denies Ascherman Request

Application by Dr. Stanford W. Aschehman for an order taking his battle for surgical privileges at Marin General Hospital out of the hands of Marin Superior Court yesterday was denied by First District Court of Appeals in San Francisco.

The application was for a writ of prohibition and was an original proceeding rather than an appeal. Harry Gonick, attorney for Dr. Ascherman, said the appellate court did not act upon the application at all.

This, he explained, was a discretionary privilege of the court.

A Marin Superior Court ruling last Dec. 22 stated the case may be heard in court after hospital administrative hearings bogged down because the latter's board had no power to force witnesses to testify.

Gonick said he will now ask for a hearing before the State Supreme Court.

## Faculty Votes Against Rules

BERKELEY (UPI) — The Academic Senate the the University of California has voted overwhelmingly against tougher rules of student discipline proposed by a regents' committee.

The professors voted a demand for more home rule on the various campuses of the university.

There were less than 300 of the 1,500 faculty members at yesterday's Academic Senate meeting and the final vote was 194-24 against the regents' program.

Berkeley faculty members already had showed displeasure with the regents' rules when more than 700 professors signed two petitions against the new proposals.

## Novato Master Plan Meeting Is Slated

First meeting on the $82,670 federally assisted Novato Master Plan was set last night by the Novato Planning Commission for 8 p.m. June 10, the place to be selected later.

The meeting will be with the Novato and Marin County planning commissions, Novato City Council and Marin County Board of Supervisors.

## Medic Offices Looted Of Cash

Two doctors' offices were looted of more than $500 cash, a small amount of narcotics, an $800 microscope, a typewriter and a pad of narcotics prescription blanks during the week-end, San Rafael police reported today.

The microscope and three vials of demarol were taken from the 911 Mission Avenue offices of Dr. Richard B. Bedalia. When nurse Mrs. Lenore Auster arrived yesterday to open the office, she found a pair of white rubber gloves on the back porch, and a metal sash window forced, according to the police report.

The cash, typewriter and narcotics order pad were taken from the 624 E. Street office of Dr. Andrew Noble, after entry was gained by breaking a glass pane in a rear door.

## Mill Valley Planners

Mill Valley planning commission will consider a use permit and plan review for the new public library to be built in Old Mill Park, as well as the proposed abandonment of a portion of Oakdale Avenue or re-routing of the street, at an 8 p.m. meeting today in city hall.

## OBITUARIES

# Dr. Ernest J. Long Dies At 42

Dr. Ernest J. Long, psychiatrist of 425 Cascade Drive, Fairfax, died early today, aged 42.

Long's wife, Dorothy, found her husband had difficulty in breathing during the night. An ambulance was called, but he was dead on arrival at Marin General Hospital at 5:45 a.m.

The coroner's office said death apparently was due to natural causes. Mrs. Long said her husband had been complaining of a severe back pain for some time which affected his breathing. An autopsy was scheduled.

Dr. Long was a native Californian and had lived in Marin County 10 years. He had practiced as a psychiatrist for 12 years. In World War Two, he served in the Navy.

Surviving, besides his wife, are two sons, Douglas, 10, and David, 8; a daughter, Maria, 2, and his parents, Ernest and Olivia Long of Hemet, Riverside County.

Funeral arrangements are pending at Chapel of the Hills Mortuary, San Anselmo.

## LIZZIE O'ROURKE

Mrs. B. Lizzie O'Rourke of 39 Harcourt Street, San Rafael, who learned to drive a car when she was 67 and won a Marin County amateur artist show at 85 died last night at 95 in a local hospital after long illness.

A native of Pennsylvania, Mrs. O'Rourke spent part of her early life in Leadville and Denver and at one time operated a hotel in Salt Lake City.

She came to the Bay area in 1910 and lived in San Anselmo from 1912 for six years before moving to San Francisco. In 1943 she "retired" and moved into a summer cabin she had built in Fairfax Cascades in 1923. It was there she began dabbling in painting and photography.

She moved to her San Rafael home in 1956.

Surviving her are a son, Paul O'Rourke of San Francisco; a daughter, Mrs. Avis Gray of Redwood City; two grandchildren and several great grandchildren.

Funeral arrangements are pending at Chapel of the Hills Mortuary, San Anselmo.

## MRS. KRAUSHAAR

Martha Kraushaar, 73, mother of Harold F. Kraushaar of 37 Meadow Drive, Mill Valley, died yesterday afternoon in a Grass Valley, Nevada County, hospital, of a heart condition.

Born in Germany and reared in Minnesota, she lived most of her last nine years with her son in Mill Valley.

She is survived also by another son, Gaylord Kraushaar of Death Valley, and a daughter, Mrs. Elmo Briasco of San Francisco.

Funeral arrangements are pending at Valente, Marini and Perata funeral home at 649 Green Street, San Francisco.

## Statue Damaged At Civic Center; Another Stolen

Expensive damage to one statue and theft of another were reported today by sheriff's officers.

Deputies said a redwood statue entitled "Flora Sequoia Gigantea" on exhibition on the four floor of Marin County Civic Center was accidentally or maliciously knocked over and broken Sunday.

It is the work of Robert Kingsbury of San Francisco and loss was estimated at $875. The damage was discovered by a center watchman, Anthony C. Franklin.

Mrs. Agnes Schimetschek, managers of apartments at Eden Rock Drive, Sausalito, reported a 150-pound stone statue of a female child was stolen from the entrance of the apartments Sunday or yesterday.

No value estimate was given.

## DAVID SWANSON

Funeral for David Wesley Swanson, 28, who was found dead yesterday in his home at 535 Eldridge Avenue, Novato, will be held in Everett, Wash.

Friends may call at the Redwood Chapel Funeral Home in Novato after 5 p.m. today.

Swanson, a salesman, had resided in Novato for five years and in California for nine years. He was born in Salem, Ore.

He was a founder of the Novato unit of the Cancer Society and a member of the International Brotherhood of Electricians, Local 552.

He is survived by his wife, Mary Ann Swanson; a daughter, Deborah, and a son, Donald, all of the home; his father, John W. Swanson of Tacoma, Wash., and his mother, Mrs. Dorothy Merritt Hagglund of Everett, Wash.

## ELSIE CASEY

# Supervisors Go To Work On Housing Integration

By FRANK FARRARA

Marin County supervisors agreed last night that neighborhood associations could take the lead in housing integration and help Marin overcome its "lily-white" reputation.

The proposal to have the associations work to change "community attitudes" came during a three-hour joint session with the Human Rights Commission.

Noting that Marin City Negroes are hesitant to seek housing in other sectors of Marin for fear of meeting rebuff and antagonism, Supervisor Peter H. Behr said neighborhood associations "could and should" take the lead in "breaking down the barrier."

Associations could declare that Negro families are welcome in their neighborhoods, he said.

Commission Chairman James Quiett said: "There are Negroes who would move from Marin City once the attitude had changed. Negro families have been rejected so long and so often, many are fearful to inquire."

Supervisors agreed to put the proposal on their agenda next week and consider declaring "a month for this particular purpose."

Behr proposed to notify neighborhood associations of "its committment and interest" and have board members attend neighborhood association meetings.

At the opening of the joint session, Dr. Richard S. Hahn, chairman of the commission's housing task force, blasted "the overwhelming concentration of Negroes in one community of the county."

Ninety-two per cent of the Negro families in Marin, outside of military bases and San Quentin Prison, live in Marin City, Hahn said.

One result of Marin City redevelopment has been the relocation of non-white families out of Marin, he said.

"It is ironic to contemplate that if redevelopment of Marin City is completed . . . we can have the dubious pleasure of having created equal but separate housing facilities for Marin's non-white minorities," Hahn said.

"One can only conclude that if one had intended by some diabolical premeditated design to eliminate the Negroes from Marin County or so effectively isolate the few that remain from the life of the community, one could not have hoped for a more successful result."

Hahn called for a vigorous assault "upon this shameful blotch that stains the image of marvelous Marin."

The task force report revealed "the enormous extent of our county's ugliest sin," Hahn said. "No matter what we profess, collectively or individually, we cannot escape the mute and flagrant evidence of our apathy and neglect."

The choice, he said, is action or "a continuing course of evasion, rationalization and inaction."

Behr's neighborhood proposal came while supervisors were reviewing 10 recommendations from the housing task force for implementation by the board.

Behr pointed out that the board lacks the power to carry out some of the recommendations.

The emphasis was on Marin City, and the board acted on two matters relating to Marin City redevelopment.

First, it authorized a letter to J. Frank Pendergast, director of the Federal Housing Administration office in San Francisco, reporting evidence of the county's intent in carrying through on the project and inviting Pendergast to a "workshop session" with the board on the redevelopment project."

"One of the problems in Marin City has been the lack of full faith of the FHA in the success of this," Behr said.

Secondly, the board authorized the Redevelopment Agency Commission to check the status of the contract with James H. Scheuer, president of California Development Corp. of New York, to determine if the contract is being "fulfilled in the best interests of the county and the ultimate objective."

Supervisor Byron W. Leydecker said Scheuer "has made commitments and has not fulfilled them."

The board also was asked to help create "a new image" for Marin City through a publicity program. Hahn suggested that the Citizens' Advisory Committee on the Development of Marin could take on the job.

Behr said the board is in the process of bringing "order out of chaos" in regard to the many county committees, and this job could be assigned to one of the committees.

Supervisors agreed they had no power to enforce subdividers to adopt non-discriminatory open housing policies, but could ask the subdivider to sign a statement of his policy in submitting subdivision applications.

County Counsel Douglas J. Maloney said the board could adopt an open policy requirement for the formation of assessment districts.

Supervisors agreed to solicit and assist federal and state housing authorities in development of low-cost housing communities at various locations in the county.

The board endorsed the pledge card campaign of the Marin Committee for Fair Play. Julian Mack, chairman of the committee, said the campaign will be expanded with the hope that present pledges, between 1,300 and 1,500, will be expanded to 7,500 in six months.

Supervisors also agreed with recommendations that:

The county planning department conduct a thorough study to determine if less costly housing is possible without lowering the quality of housing.

The board investigate the possibilities of fair housing legislation at a federal level and bring its influence to bear on its state and federal legislators.

The Human Rights Commission continue as a permanent agency to resolve interracial problems.

## Auto In City's Lot Is Stripped

William R. Koenig of 540 Eldridge Avenue, Novato, left his car at the Richfield Service Station parking lot, Third and C streets, San Rafael, about midnight Saturday and returned yesterday noon to find it stripped of about $190 worth of equipment.

Stolen were a tachometer unit, an auto tape recorder, spare tire and wheel and two tail light lenses. On top of that the gas tank was emptied, Koenig told police.

George Manz, owner of Channel Boat Sales at 115 Third Street, complained that the steering wheel of a motor boat moored at his premises was stolen during the weekend.

Some 18 Indian reservations lie within a half day's drive to Phoenix.

## Health Center Proposal Gets Board's Nod

Marin County supervisors last night approved a joint powers agreement with Marin Hospital District for construction of a two-story, $1,350,000 community mental health center at the hospital.

The board also approved a joint application for federal and state funds, which would provide two-thirds of the cost. Both moves were approved on the condition that the hospital board also approve the agreement.

Under the proposal, the county would contribute $150,000, the hospital district, $150,000, and another $150,000 would be raised by private contributions. This would total the required $450,000 in one-third matching funds.

Supervisor Peter H. Behr said the proposed facility would take care of private and public needs, in-patients and out-patients.

## Officials Face Decision Over Murder Trials

SACRAMENTO (AP) — Law officials today are faced with the decision of whether to seek new trials for two convicted murderers whose convictions have been overturned by the Third District Court of Appeal.

The court's unanimous decision yesterday involved John T. Marbury and George Horn, convicted of first degree murder in the robbery-killing of an elderly Japanese woman in 1964.

Cited as the reason for reversing the convictions was the fact that Marbury was not told during early questioning of his right to stay silent or his constitutional guarantee to a lawyer.

Marbury confessed to the crime, but the court decided that since this was done illegally, it violated his constitutional rights to use the document against him.

## Psychology Student Is Outstanding

Jennifer A. Klein, daughter of Mr. and Mrs. John H. Klein of 825 Las Gallinas Avenue, Terra Linda, has been honored as the outstanding student at the San Francisco State College department of psychology.

Miss Klein was also one of 23 students chosen by the college faculty to receive all-college academic honors.

## SNCC Friends To Go To College Meeting

Four representatives of the College of Marin Friends of the Student Non-violent Coordinating Committee, along with faculty adviser Samuel Schwartz, will attend the ninth annual junior college world affairs day Saturday at Los Angeles' Pierce College.

Attending from the college will be Patricia Angland, Martha Olson, Peter Rockwell and Robert Simon.

# Right now you're only 17 seconds from New York

(times and telephones have really changed!)

In 1925 a long distance call to New York took about eight minutes to go through. Today, by dialing direct, the average runs about 17 seconds. There are several reasons for this: we've changed the way long distance calls are routed. We've continually improved our equipment, too. And the way you place long distance calls has also changed. By using Area Codes, most Californians can dial all over the nation direct. Changes like these are made in telephone procedures for the same simple reason: to make telephone service better and better.

# Improvement Club Elects Herbert Davis

Herbert E. Davis of the Almonte Improvement Club was elected president of the Marin Federation of Improvement Clubs last night.

Elected vice president was retiring president Jacques Nadler of the Homestead Valley Improvement Club.

Elected to succeed Mrs. Mary Henry as secretary was Frank Shirado of the Almonte Improvement Club. Elected treasurer was Robert O. Edwards of the Muir Woods Park Improvement Assn.

The group took note of the imminent retirement of Vice Chairman Dilbert B. Darroch of the Strawberry Improvement Club, one of the founders of the organization. Darroch is moving to Sonoma County.

Michael Mitchell, county auditor-controller, discussed the June 8 county bond election for $7,750,000 construction of the second wing of the Civic Center.

# Policeman Tells Why He Left House

San Francisco police officer DeNelson A. Durr, 41, wanted to ask official permission to leave home April 4 but did not know who to call on Sunday, so he left without permission.

He so testified yesterday in a San Francisco Police Commission hearing stemming from a fatal auto crash near Novato in the early hours of April 5.

Ranch hand John A. Bettencourt, 62, was killed in the crash. He had accepted a ride home from a Novato bar with Durr, who was on disability leave.

Earlier, Durr had admitted leaving home to drive his wife to Redwood City. Yesterday, he explained to the police commission that he badly needed a "dependable car," and was able to borrow one that day.

Commissioners also heard from Personnel Sgt. Joseph Donagon, who said he had warned Durr in February about leaving home without permission. At that time, he said, Durr was in a minor accident.

Durr went on leave Dec. 21 for an arm injury. After the fatal crash, San Francisco Police Chief Thomas Cahill ordered an investigation and said Durr might be suspended or face formal charges.

# Catering Service Break-In Reported

Harvey's Lunches, a catering service at 2200 Bridgeway, Sausalito, was broken into last night, and electronic equipment and a coin box were stolen from a telephone booth at Richardson Bay School.

Charles J. Peloquin of Harvey's reported at 7 a.m. today that someone entered his business by breaking a window pane and reaching inside to unlock a window. He had not determined what had been taken. The break-in occurred between 3 p.m. yesterday and 7 a.m. today.

Sausalito police said Irene Duro, Richardson Bay school secretary, reported at 7:55 a.m. today that the telephone near the school's cafeteria had been "torn out."

# Helicopter Lands On Playground

A helicopter whirled onto the playground at Bernard Hoffman School in Terra Linda yesterday while firemen and sheriff's deputies stood by, but there was no emergency.

In contrast to an unexpected helicopter landing on a Novato schoolground earlier this year, this one was planned.

The landing was part of aerospace study by teacher Charles Warfield's sixth grade pupils, who gathered around the craft to learn.

Harold French, instructor for American Helicopters of Novato, piloted the 'copter, with Warfield aboard, through basic maneuvers, then landed on the field.

After the landing, French gave a slide lecture to the class on helicopters and navigation.

# Tiburon Council Sticking To Rail Abandonment Vote

The Tiburon City Council stood fast last night against a plea that it not back abandonment of Northwestern Pacific Railroad tracks on the Tiburon Peninsula.

Councilmen voted 3-2 against rescinding their abandonment decision of April 26.

Again Mayor Gordon W. Strawbridge and councilman Anne L. Ellinwood voted against abandonment. Again Councilmen John S. Hoffmire Jr. and Fred C. Hannahs voted in favor of it.

Newly appointed Councilman Mrs. Jacqueline A. Parnell cast the deciding vote for abandonment. She replaced Leo Souza, who was for immediate abandonment but had since resigned from the council.

San Rafael City Mgr. Dan Andersen pleaded with the council to recend its earlier approval which will appear on a legal petition before the Interstate Commerce Commission asking a hearing on the proposal.

The ICC case under which the Tiburon line will be considered is the same case in which San Rafael is trying to get the railroad to open the Puerto Suello tunnel, closed since fire collapsed it July 22, 1961.

Andersen dsecribed the railroad's request for Tiburon line abandonment as another delaying tactic in opening the tunnel.

Randolph Karr, attorney for the parent Southern Pacific Co., denied the charge he said the petition for abandonment of the Tiburon line would not effect the tunnel reopening.

All councilmen apparantly want to see the railroad leave Tiburon, which would mean its more than 50 acres of prime land in downtown Tiburon would no longer be used as a railroad yard. But Mayor Strawbridge and councilmen Ellinwood opposed approval of abandonment without further planning studies. Strawbridge noted that the move might affect San Rafael's case.

The Belvedere City Council by unanimous vote refused to intervene on the railroad's behalf in the ICC case.

# Discipline Policy May Be Tougher

Sausalito School District last night discussed proposed revision of the discipline policy but took no action other than to ask supt. Marcus F. Davis to "put more teeth into it."

The policy concerns destruction of school property, habitual defiance of a teacher, threatening or mistreating other students, possession of knives, guns or dangerous objects, and use of profanity.

The board will meet again at 8 p.m. tomorrow at the district office to discuss the preliminary budget.

# Girl Killed In Practice Drive

ATASCADERO (AP)—A 16-year-old girl was killed yesterday while practicing driving in a wheat field.

The highway patrol said Barbara Frances Morton, daughter of Mr. and Mrs. William T. Morton of Atascadero, stalled the car on a small crest. She and two teen-aged companions tried to rock the car.

It rolled over Barbara. She was dead before she reached an Atascadero hospital.

# Supervisors Study Aid To Chambers

The Marin County Board of Supervisors yesterday promised to give close attention to contributions of county money in support of chambers of commerce.

Supervisor Ernest N. Kettenhofen presented figures showing that five cities contribute more than the county to their chambers, while two contribute less.

The county gives $7,200 to the San Rafael chamber, while the city of San Rafael contributes only $1,500. The county gives $500 to the Tiburon chamber, while the city gives nothing.

Kettenhofen said the county should make sure the cities are giving support on at least an equal basis.

"I know of no effort which is more uncoordinated," Supervisor Byron W. Leydecker said.

Kettenhofen noted that a total of $14,200 has been given to chambers of commerce this fiscal year. Supervisors wondered ff this money might better be spent to employ someone who would attract industry to Marin.

# Private Army Ban Proposal To Assembly

SACRAMENTO (AP) — The Assembly has been sent legislation backed by Atty. Gen. Thomas C. Lynch directed at knocking out private armies in California.

The bill, sponsored by Sen. J. Eugene McAteer, D-San Francisco, was sent to the lower house by the Senate yesterday on a 31 to 6 vote after its author asked:

"Shall we wait until the injury or death of a non-member of one of these organizations?" before enacting legislation.

Subject of the bill and McAteer's wrath are paramilitary groups — defined as organizations which meet to practice with weapons, teach sabotage or train in guerrilla warfare. The bill forbids two or more members of such groups to gather for those purposes.

The legislation was based on a report by Lynch, which listed five organizations as violence-prone, hate groups. They are: the Black Muslims, the American Nazi Party, the National States Rights Party, the California Rangers and the Minutemen.

McAteer called for action now, instead of waiting "until some sabotage has been conducted."

The six "no" votes included both Democrats and Republicans. They were: Sens. Clark L. Bradley, R-San Jose; George Miller Jr., D-Martinez; Stan Pittman, R-Oroville; Joseph Rattigan, D-Santa Rosa; John Schmitz, R-Tustin; and Jack Schrade, R-Del Mar.

# Heifitz Named Aide For Bond Drive

Harry Heifetz, Marin County planning commissioner and real estate developer, has been named finance chairman for the civic center bond issue campaign. The $8,775,000 bond issue will be voted upon June 8.

The appointment was announced today by chairman Peter H. Bahr of the Board of Supervisors. Fred F. Enemark of San Rafael and Mrs. Norman B. Livermore of Ross, as co-chairmen of the Committee to Complete the Civic Center.

# SENATE APPROVES REAPPORTIONMENT

## Sen. McCarthy Votes Against It Along With Four Republicans, Eight Democrats

SACRAMENTO (AP) — The Senate has sadly bowed to the U.S. Supreme Court and passed a reapportionment bill, but "massive discontent" promptly cropped up in the Assembly today.

That was how Assembly Speaker Jesse M. Unruh, D-Los Angeles, summed up the feeling of his colleagues to the historic redistricting measure that would turn control of the rural Senate over to California's big cities and fast-growing suburbs.

Urban assemblymen, particularly those from Los Angeles, don't like the bill, Unruh told a reporter. He said lower house hearings will begin soon—giving assemblymen a chance to make some changes.

Senators — protesting all the way—voted 24-13 Monday for the reapportionment that could cost many of them their jobs.

"We're driving the first nail in the coffin of the Senate," said Sen. J. Eugene McAteer, D-San Francisco.

But, one by one, backers of the bill told their colleagues they must obey the U.S. Supreme Court's ruling that all legislative districts have "substantially" equal populations. They acted under a Los Angeles federal court order to reapportion by July 1.

California Senate districts, drawn generally along county lines, do not now meet the equal population test.

At present, rural senators from the north control the 40-member house. If the plan becomes law, Los Angeles County would get 12 senators instead of its present one. Santa Clara, Alameda, Orange, San Diego and San Francisco would each get two senators. They now have only one each.

It would have the effect of giving the southern third of the state 21 votes in the house, and urban areas an even bigger majority.

The Senate's gaslit chamber—just redecorated this year in Gay '90s bright red, yellow and blue—was packed as senators condemned the bill.

"I'm just as unhappy about this bill as you are," said the author, Sen. Stephen Teale, D-West Point, whose own district would be eliminated. "The Supreme Court is wrong."

He cast the 21st vote — the one that meant the bill had passed.

Sen. Hugh Donnelly, D-Turlock, a 74-year-old veteran of 22 years in the Senate, said he would vote for it reluctantly, for "it is a sad situation indeed to take the rural people and put them in a minority position."

But the Senate's leader, President Pro Tem Hugh Burns, D-Fresno, said "as I see it we have been ordered to do something by the highest authority in the land. We have an obligation . . ."

Only one senator urged a no vote, Minority Leader John F. McCarthy, R-San Rafael. He said "This Supreme Court decision is one of the greatest steps to destroy the republican form of government in this country."

Joining McCarthy were eight Democrats and four Republicans. Both Democrats and Republicans also voted for the bill.

# Public Works Aide Asks End To Extra Job

Arthur T. Knutson, assistant county director of public works, told county supervisors by letter yesterday that he wants to be relieved of his second job as city engineer for Tiburon.

He suggested that supervisors come to a decision on continuing the contract with Tiburon for engineering services. The present contract expires June 30.

Knutson said the increase in other county duties was making it almost impossible for him to continue as city engineer.

Knutson's boss, Public Works Director Donald R. Frost, backed him up, saying Knutson was sometimes asked for rulings on policy by the Tiburon City which were in conflict with county policy.

Supervisor Byron W. Leydecker said that he hoped the county and city could continue to work together.

The board put off decision on Knutson's request for two weeks.

# Inmate Still In Serious Condition

Convicted murderer Charles Walter Leonard, 32-year-old inmate at San Quentin Prison, was still in serious condition today after being stabbed nine times in the chest at 1 p.m. Sunday in the prison gymnasium.

Associate Warden James W. L. Park said investigators have found no motive for the stabbing and no clues to the actual weapon used.

Leonard is serving a five years to life sentence for second degree murder. He was committed from Los Angeles County in 1958.

# Store Not Sponsor Of Skin-Diving Trip

A story in yesterday's Independent-Journal erroneously implied that Charles William Striker of 481 Via Herbosa, Novato, died of a heart attack while skin-diving on a trip sponsored by Stans for Sports Inc. of San Rafael.

The trip was not sponsored by the sporting goods store, owner Stanley Goldsmith said today.

## JO REID'S MENU OF THE WEEK

May 11, 1965

Beet Aspic Salad
Roquefort Dressing
CALIFORNIA SWISS STEAK
Sweet Potato Pancakes
Corn-on-the Cob
Whip and Chill Dessert

### CALIFORNIA SWISS STEAK

1½ pounds round steak
4 tbsp flour
1½ tsp salt
⅛ tsp pepper
3 tbsp shortening
2 medium onions, sliced
2 tsp brown sugar
1 cup grapefruit juice
Grapefruit sections

Cut round steak in serving pieces. Mix the flour, ½ teaspoon of the salt, and half the pepper. Place the steak on waxed paper. Sprinkle with half the flour mixture and pound with a wooden mallet or the edge of a heavy plate until all flour has been taken up by the meat. Turn meat and pound in remaining flour. Reserve flour which has not been taken up by the meat. Heat shortening in heavy skillet. Add onions and cook 'til browned. Add seasoned flour, remaining salt, pepper and sugar. Stir to smooth paste. Stir in grapefruit juice; add meat. Cover tightly and cook 1½ hours or until tender. Garnish steak with grapefruit sections and serve to 4.

### SWEET POTATO PANCAKES

Sift 1 cup flour with 1¼ tsp baking powder, ¾ tsp salt, 2 tbsp sugar. Now combine 2 eggs, 1¼ cups milk, ¼ cup melted butter and ½ cup mashed sweet potato (or yam or squash). Add egg mixture gradually to flour mixture, stirring only until smooth. Bake on lightly greased hot griddle. Serve with California Swiss Steak. Makes 2 dozen 4-inch pancakes.

# 'Close' Vote Seen On Death Penalty

SACRAMENTO (AP) — Gov. Brown — conceding his bill to abolish the death penalty may be defeated in the legislature—said today he'd be willing to let the people decide the emotion-packed issue.

"I understand there'll be a close vote up there," he said, referring to tonight's Assembly Criminal Procedure Committee hearing on the bill.

But if the committee rejects it, he told his news conference, "I would be perfectly willing to let the people of California vote on it, even though the polls show it would not be abolished."

"By 1966, the whole question would be so clear there would be no question about abolition," he said.

Noting that legal disputes have resulted in an unofficial moratorium on executions in the state of California, Brown said "I am unable to contemplate executing 53 people (the number now on San Quentin's death row) after the legal questions have been settled."

He urged lawmakers to "take a good look" at the issue and said "if anyone has one in mind, they could only come to one conclusion, abolish it."

A proposal to submit death penalty abolition to the people in 1966 is pending before the house committee.

Brown also:

Praised the Senate for passage of its reapportionment bill, but insisted that he believed that senators from metropolitan counties should have specific districts. Under the present bill, all counties with more than two senators — except Los Angeles — have their senators running at large, without specific districts.

He said he doubted whether it would be legal for Los Angeles senators to have their own districts while those from other populous counties run at large.

Called for passage of legislation to make it easier to prosecute pornography distributors and said he'd like some statewide control over bare bosom waitresses and dancers.

Urged the public be given a chance to see two pending reports on the University of California student demonstrations last winter.

# Ascherman Asks For Open Hearing

Application by Dr. Stanford W. Ascherman to force the Marin Hospital District Board to disclose hearing proceedings of its meeting last Feb. 23 was taken under submission yesterday by Judge Thomas F. Keating of Marin Superior Court.

Dr. Ascherman, seeking admittance to the hospital surgical staff, asks for peremptory writ of mandate making public the matters discussed at the executive session.

Attorneys for the district maintain the secret session — which followed an open meeting — concerned a matter exempted from open meeting provision of the Ralph M. Brown Act.

Mrs. Marion C. Ibach, president of the district board, testified the board went into executive meeting to discuss any effect that granting of a requested temporary admission might have on litigation between Dr. Ascherman and the district, and to familiarize a new board member, Hadden W. Roth, with the issues.

No determination about Dr. Ascherman's request was made until an open meeting two days later, on Feb. 25, she said. The temporary admission request was denied.

Harold F. Riede, district attorney, also testified no action was taken during the executive session.

Harry Gonick, attorney for Dr. Ascherman, contended the decision must have been made by the board in secret meeting, since witnesses testified there was no deliberation by board members in the Feb. 25 meeting prior to the vote.

# Parents Ask Investigation Of Discipline

Eleven parents last night demanded that the West Marin School District board launch an investigation into faculty handling of discipline problems.

Board members scheduled an adjourned meeting for 8 p.m. Monday at West Marin School. District Supt. Howard F. Brose said the meeting was tentatively scheduled as an executive session, but said he will ask the county counsel's office to rule on whether it can be closed.

Members of five families signed the letter. They called for a study committee to be made up of parents, teachers, a board member and county school psychologist Charles Jenks. Purpose of the committee, they said, would be to probe the handling of discipline by Brose and the faculty.

The West Marin School District board also:

1. Awarded contract for a new school bus to Cheda Chevrolet, Point Reyes Station, lowest of three bidders at $11,143 with trade-in of a present bus.
2. Agreed to allow use of the West Marin School multi-purpose room for a six or seven week lecture series starting June 25 under joint sponsorship of University of the Pacific's Marine Biology Station and Point Reyes National Seashore.
3. Authorized Brose to work out a classified employees' salary schedule with regular longevity raises. He is to submit it next month.
4. Accepted the resignation of third grade teacher Mabel Fulker, who had been hired to fill temporary vacancy during the current semester.
5. Learned from psychologist Jenks that district pupils scored above the statewide average in achievement tests during the 1963-64 school year.
6. Signed a contract for services of the Louise A. Boyd Natural Science Museum for the 1965-66 school year.
7. Were told by Brose that the district will use the county's data processing facilities starting in the fall.

## Fairfax Sign Is Requested

George M. Cowell of 60 San Gabriel Drive, Fairfax, asked the Fairfax City Council last night to see if it could get a sign giving direction to Fairfax placed at the Greenbrae turnoff from Highway 101.

"There is not any indication on the highway that Fairfax is anywhere in the county," Cowell said.

Mayor Frank L. Lawrence suggested the city send the request to the state Division of Highways.

## Theft From Car

Carol Warner of Warner Tree Service, 47 Carmelita Avenue, Mill Valley, told police last night that someone had stolen a white Bible, a white purse with her driver's license, and $50 in checks made out to the tree service from her parked car.

# Edgewater Inn Helipad Plan Request Is Filed

A proposal to install a helipad at the Edgewater Inn in Corte Madera was filed without action last night by the Corte Madera Planning Commission when no representative of American Helicopters Corp. appeared.

Hearing on a requested exit from Park Madera Shopping Center through town park property was continued to June 14 when no one representing the center's owners appeared.

Plans for a small office for the Campbell-Bishop used car lot, 5880 Paradise Drive, were approved.

Representatives of Lytton Savings and Loan Co. assured the commission that funds now are available to continue construction of the mariner Green Apartments, where work has stopped. The commission voted to permit construction to continue with no change in plans.

Norman Eaton was re-elected commission chairman, with Albert Boro named vice chairman.

## Kentfield Civic League Votes Director's Ouster

Ouster of William J. Filante from the board of directors of the Kentfield Civic League, for failure to attend meetings, was voted last night by his fellow directors.

Filante has not attended since his appointment in December, said president William S. J. van Erp.

No replacement on the board was selected.

The board then took a stand favoring proposed legislation to control filling of San Francisco Bay.

A resolution was passed asking the board of supervisors to name a committee to study feasibility of development of a shopping center and parking district at Kentfield Corners, before final zoning is set for the area.

The center is shown in the Kentfield General Plan, which called for exclusion of apartment zoning from that area.

## Novato Plans Unit Against Billboards

The Novato Planning Commission last night put itself on record against billboards.

The commission passed a resolution urging passage of a city ordinance banning billboards along Highway 101 in Novato, and giving owners of four existing billboards three years to remove them. The ordinance was introduced at last Tuesday's Novato City Council meeting.

The Novato Planning Commission also:

1. Approved a use permit and plans for a self-service car wash on Nave Drive south of Bolling Drive, requested by Alexis Tellis, and recommended rezoning of the 14,526 square feet of property from agricultural to commercial use.
2. Approved subdivision of the old Grant School property requested by Douglas M. Christensen.
3. Approved a temporary building on the Highway 101-Grant Avenue corner for Santa Rosa Savings and Loan Assn.
4. Approved plans for a 16,000-square foot concrete warehouse for Emil Renati, adjacent to the Northwestern Pacific Railroad between Vallejo and Olive avenues.
5. Denied application of L. E. Tresch to build a 3,122-square foot addition to the Tresch Electrical Co. building at Machin Avenue and Sweetzer Street, because of no provision for off-street parking.
6. Continued until May 24 consideration of the tentative map of Hillsboro Heights of 58 lots on 21 acres west of Sutro Avenue, submitted by Roberts and Aguirre Inc.

## Summer Training

Fielding L. Reese, College of Marin counselor, will attend a six-week training institute in counseling and guidance this summer at Los Angeles State College. The study will be financed by a National Defense Education Act grant.

## San Anselmo Rec Budget Is Approved

San Anselmo Park and Recreation Commission last night approved a budget of $27,866 for recreation and $25,890 for parks for the 1966 fiscal year.

Added to director Andrew J. Snyder's recommendation was $400 for a Pop Warner football league.

Snyder reported that an irrigation system for the playfield at Memorial Park would cost about $7,000. The commission voted to ask the city council to earmark about $2,800 expected to be left over for capital expenditures this year for that project.

Snyder outlined plans for an eight-week summer recreation program to start July 5, and received general approval, provided funds are appropriated by the city and San Anselmo school district.

A proposed land trade giving the city about two and one-half acres of land near Forest and San Anselmo avenues along Corte Madera Creek was continued to June 14 for more study.

The commission reaffirmed its stand in favor of the Memorial Park master plan, without changes, to be considered tonight by the city council.

Commissioners Paul Brand, N. M. Murray and William Nicol were absent.

## Roosevelt Tells Campaign Costs

LOS ANGELES (AP) — Rep. James Roosevelt's backers in his unsuccessful mayoralty campaign gave him $208,239.28 to fight a war he says cost $324,779.16.

Roosevelt, D-Calif., filed those totals and a list of 750 donors at the city clerk's office yesterday. Incumbent Samuel W. Yorty, who defeated Roosevelt in the April 6 primary, earlier reported he received $204,882.10 and spent $198,016.18.

Yorty got the majority of primary votes, which elected on the spot.

## New Trial Sought In Drug Case

Arguments for a new trial in the lawsuit involving a former Marin County man's complaint that a new drug had partially blinded him, were expected to be heard today or possibly later in the week by San Francisco Superior Court Judge Walter Carpeneti.

Allen D. Toole, former Mill Valley insurance man, was awarded a $675,000 judgment by a jury in Judge Carpenti's court on April 27. It was believed to be the largest personal injury damages award ever made in a civil suit in California.

Attorneys for the defendants, William S. Merrell Co. of Cincinnati, Ohio, and its parent firm, Richardson-Merrell Co., filed for a new trial yesterday, citing seven grounds including "misconduct of the jury" and claiming that excessive damages were awarded "under the influences of passion and prejudice."

Plaintiff Toole's suit had claimed that taking the firm's anti-cholestorol drug MER/29 caused cataracts in both his eyes. The jury awarded $175,000 in general damages and $500,000 in punitive damages.

More than three dozen similar suits have been filed throughout the United States.

## Speakers Back Proposition A

The campaign for support of Proposition A at the June 8 special election will be active on two fronts today, as speakers explain the need for a 7.75 million dollar bond issue to build the next wing of the Marin County Civic Center.

Peter H. Behr, chairman of the county board of supervisors, will talk about it with directors of the Homestead Valley Improvement Club at a meeting at 8:30 p.m. in Brown's Hall, Mill Valley.

Also hearing about the bond issue need will be the Marin Coast Chamber of Commerce, when it holds its May meeting at 8 p.m. today at Clay's Farm House in Olema.

## $15 In Dimes Taken At Refuse Office

Three rolls of dimes worth $15 were stolen from the office of the Mill Valley Refuse Co. at 131-C Camino Alto between 5:30 a.m. and 11 a.m. yesterday, employee Charles Dami reported to police. Also taken was a black record book.

Police said entry was by prying open a Dutch door. Desks in the office were ransacked.

## Kentfield Teachers Due Raises

Teachers in the Kentfield School District last night were granted a pay increase of only 1.94 per cent, but were promised more money if a proposed 25-cent tax rate hike is approved by voters July 13.

The Kentfield School District board approved a new salary schedule which would make the bottom starting salary $5,400 and the top pay $10,260 a year. If the tax rate increase is passed, the bottom pay would be $5,500 and the top salary $10,450.

The board also saw two budgets, one higher in case the tax is passed. The lower budget, of $1,022,388, was checked, and cost of bus transportation was added, after having been cut by Supt. Howard C. Harmon. The budget would cut the district reserves, now about $93,500, by $50,864.

The board approved pay raises for non-teaching personnel ranging from 5 to 6 per cent. The workers had asked for raises from 6 to 7 per cent.

The voters turned down a proposal to increase the general purpose operating tax limit from $2.25 to $2.50 per $100 assessed valuation on April 20, but will vote again on the measure in July. The total tax rate levied by the district this year was $3.08.

The Kentfield School District board also:

1. Approved rehiring for next fall of all present teachers in the district seeking new contracts.
2. Accepted resignations of eighth grade teacher Harvey Susser and fourth grade teacher Ethel Mae Longley.
3. Set a special meeting at 8 p.m. Monday at Adaline E. Kent School to interview the top two candidates for principal of Greenbrae School.
4. Hired Mabel Fulker as Spanish teacher for next year.
5. Approved a request by the Army Corps of Engineers for right to cross school land to do flood control work on Corte Madera Creek.

Board member George McKenna was absent.

## In Fair Condition

Mrs. Emma Lane, 85, of 86 Merrydale Road, San Rafael, was still in fair condition at Marin General Hospital today with multiple fractures suffered in an auto accident in downtown San Anselmo last Thursday.

# Judge Turning Over Estate To Charity

LOS ANGELES (AP) — Superior Judge Thomas C. Yager, whose wife vanished at sea during their honeymoon cruise, says he's turning over her entire estate to charity.

"I will not accept a penny—not a penny—of my wife's money," he told an interviewer.

The judge did not disclose the value of the estate of Eileen K. Yager, but other reports have said she inherited $500,000 from her step-father, the late William M. Jeffers, a former president of the Union Pacific Railroad.

Yager, 47, and Mrs. Yager, 61 were married May 3. Three days later, he told authorities, she apparently fell overboard from their chartered honeymoon yacht and drowned in the Catalina Channel. No body has been found.

The Coast Guard scheduled a hearing into the matter Thursday, with Yager slated to be the chief witness.

Yager said in an interview that he and his wife decided before their marriage to devote their lives to charity, and changed the name of a foundation he established in 1959 to the Judge C. Yager and Eileen K. Yager Foundation.

"We also began agreements which put into effect joint tenancy ownership and joint foundation ownership of our properties...Our wills made each other beneficiary of the other, but finally, according to the statement of intent, and according to what we believed in, everything ultimately would go to the foundation and charity."

# George To Be Traded For A New Computer

George, the electronic computer at the Marin County Civic Center, is going to be traded in on a new model which is less expensive and more advanced.

That was the decision yesterday of the county board of supervisors after seeing a report from the Data Processing Technical Advisory Committee.

Committee member Daniel Haagens said changing from International Business Machine's 1401 computer to the IBM 360 computer will save more than $1,000 a month in equipment rental.

The money saved can be used on a study to describe the county's data processing needs.

"Are we being locked in with IBM?" asked Supervisor Byron W. Leydecker.

Haagens said the switch to the 306 will enable the county to adjust more easily to the systems of other manufacturers.

Irwin Taranto, representing Radio Corp. of America, asked for assurance of open bids when the county completes its comprehensive study. Supervisors gave this assurance.

The committee report said the 306 system would cost $7,325 in monthly rental. The present 1401 system costs $8,570. The change is to take place in November.

## The Marin County Board Of Supervisors Also:

1. Adopted the Kentfield General Plan and agreed with the request of Supervisor Ernest N. Kettenhofen that the county encourage a feasibility study of commercial redevelopment at College Avenue and Sir Francis Drake Boulevard.

2. Accepted for permanent display in the Civic Center a statute and a plaque, purchase awards in the Marin Museum Assn. exhibit at the center. The two pieces will remain at the Civic Center until there is a county art museum.

3. Agreed to use general fund money for landscaping and planting along the Coyote Creek flood control. The action was asked in a petition signed by 63 residents of Tamalpais Valley.

4. Proclaimed May 14 "Marine Corps Reserve Day" in Marin.

5. Granted an easement for parkway development to the Marinwood Community Services District on five acres between old and new Lucas Valley road.

6. Agreed to place a sign prohibiting motor traffic on the beach at the Stinson Beach Sandspit. The action was asked by Philip A. Crane Jr., secretary of the Seadrift Property Owners Assn.

7. Approved a tentative map for 110 townhouse units on 14 acres at Miller Creek Road and Marinwood Avenue in Marinwood, proposed by Hoyt Enterprises, Inc.

8. Set public hearings at 2 p.m. June 8 on rezoning asked by Matthew Farr and others west of Fairfax, rezoning asked by Alameda Homes for a planned development on 700 acres at Black Point, and an ordinance amendment which would extend from six months to two years the time allowed for non-conforming billboards to remain standing.

9. Asked a study of restrictions for "reader board" signs that have changeable lettering after learning that the board had earlier approved such a sign for the Strawberry Town and Country Shopping Center.

10. Called for bids for 10 a.m. June 1 at the Civic Center on construction of Meadow Way Bridge in San Geronimo.

11. Adopted a resolution to congress asking federal participation in Novato Creek flood control studies.

12. Authorized condemnation proceedings to acquire six parcels for widening of Sir Francis Drake Boulevard in Kentfield. Action was needed to acquire portions of the Egger, Britton, Ruby, McMullen, Katz and Dell'Era parcels.

## Mother Sues Over Deaths By Electrocution

UKIAH (AP) — A Redwood Valley woman whose husband and two children were electrocuted April 16 has filed a $500,000 damage suit against Pacific Gas & Electric Co. and a Ukiah television repair firm.

Mrs. Margaret Webb yesterday alleged in her suit that PG&E failed to meet the Public Utilities Commission requirement that high voltage lines be at least 25 feet above ground.

Also named in the suit, filed in Mendocino County Superior Court, were Mr. and Mrs. Gerald E. Duvall, owners of Jerry's TV Repair in Ukiah, and service repairmen Billy Joe Martin and Mark Molloy.

Richard Webb Jr., his son and daughter, Richard III, 19, and Jeanne, 18, died when guy wires hoisting a TV antenna struck a power line.

The television repairmen were wearing rubber gloves and escaped serious injuries.

## Cab Company Seeks Franchise

San Rafael Yellow Cab. Co. will ask for a franchise to operate taxi service in San Anselmo at tonight's meeting of the San Anselmo City council, at 8 o'clock, at city hall.

The council will also hear a request from the building inspector that a small house at 721 Sir Francis Drake Boulevard, owned by Marius Cordone, be condemned as hazardous.

The master plan for Memorial Park, which has been approved by the park and recreation commission, will be before the council for approval.

## Kentfield Woman 'Adopts' Chinese

Mrs. Charles C. Fleet II of 27 Via Cheparro, Kentfield, has financially "adopted" a 10-year-old Chinese girl, Lau Hop Mui, of Hong Kong, through Foster Parents' Plan Inc. of New York.

Mrs. Fleet is the "foster mother" of another child, a five-year-old Italian girl, whom she "adopted" through the New York group.

## Completes Basic

Airman Shirlene J. Harris, daughter of Joseph W. Harris of Larkspur, has completed Air Force basic training at Lackland AFB, Tex., and has been assigned to Westover AFB, Mass., for training as an administrative specialist.

Slavery in the British Empire was outlawed as of Aug. 1, 1834.

Your old roof is just the place

to put a new roof of Red Cedar Shingles.

See?

Any home that's given a new roof of red cedar shingles is never quite the same again. The most obvious improvement is appearance. But that's only the beginning. The fact is that financing agencies look on a red cedar roof as an excellent long-term investment. Red cedar shingles are durable, even in violent extremes of weather. They're light in weight, but extremely strong. And they're good insulators (which helps hold the lid on your heating and air conditioning costs). So whether you're planning to sell your home, refinance it, or live in it for decades to come, a roof of red cedar shingles could more than repay its cost. Ask your builder. Ask your architect. Ask your banker.

# Fairfax Delays Action On Flood Control Plan

Fairfax city councilmen balked last night at a suggestion that their city join the proposed Ross Valley Flood Control District.

Fearing they would get Fairfax into an expensive project over which they would have little control, the councilmen postponed action until further study by the city staff.

City Atty. Wallace S. Myers told the council the flood district would be able to pass ordinances and set a tax rate which would exceed that set by the City of Fairfax.

"I could probably never give you complete assurance that you'll have control over what sort of project is built in Fairfax. There will always be some doubt," Myers said.

City Administrator David J. Sumbardo warned the councilmen the district would not pay for purchase of right-of-way along the creek or construction of bridges.

"This burden would be borne by the city of Fairfax," he said.

City Engineer Richard Nelson said he thought this would cost the city "about $80,000."

An alternate proposal "to avoid the heavy expense and . . . concrete gutter we're all against" was made by Councilman George A. Pagni.

Pagni said former Fairfax Building Inspector Robert Roy had worked out a plan for 10 strategically placed water retention wells.

During the rainy season, he said, pumps would shift any overflow water to these wells, where they would remain until the weather cleared.

Pagni said this system could be constructed at "one-tenth the cost of the Army Corps of Engineers' proposal."

Planning Commissioner Martin L. Roth said he was opposed to the concrete lining proposal and thought the matter deserved more study, but he urged the council not to abandon the project altogether.

"The flood problem in this area will get a lot worse," he said, "and dealing with it will get more complicated and more expensive . . . Don't kill the movement now. It's in the right direction."

Councilman Waldemar E. Radtke said: "Perhaps we are not in need of flood control now. We don't know what we'll need in the future. If we don't get in the district now, we may never get in."

### The Fairfax City Council Also:

1. Adopted ordinances adding a planned community zone to the city's list of zones and rezoning the Matthew Farr and Associates property (south of Sir Francis Drake Boulevard at the western city limits) from single-family residential to planned community.

2. Named Councilman Radtke vice-mayor, to assume leadership of the council in the absence of the mayor.

3. Presented Dr. Martha R. Allen of 35 Sequoia Road, with a resolution naming her Senior Citizen of Fairfax for 1965."

4. Heard a proposal from Pacific Gas and Electric Co. representative Frank Armstrong that the city modernize its street lighting system and exchange mercury vapor lights for incandescent lights. Armstrong was asked to work with the city staff on his proposal.

5. Passed a resolution in support of Proposition A, the June 8 special election bond issue for addition of a second wing to the Marin County Civic Center.

6. Awarded a contract of $11,474 for resurfacing of Scenic and Bothin Road to low-bidder W. K. McLellan Co. of San Anselmo.

7. Postponed until their next meeting a report by Sumbardo on suggested rules and regulations to govern the use of the Fairfax Women's Club.

8. Adjourned to June 7 at 7:30 p.m., when it will hear a report on the possibility of hiring a planning consultant for Fairfax and a report on joint city and county general plan.

# Scientists Injured In Explosion

Three Marin County scientists were hospitalized yesterday after an explosion sprayed millions of sharp fragments of glass throughout a Richmond laboratory.

Injured were California Chemical Co. employees Dr. Phillip S. Magee of 605 Montecillo Road, San Rafael; Dr. Peter E. Berteau of 123 Willow Avenue, Corte Madera, and Dr. Roy C. DeSelms of 211 Canal Street, San Rafael.

They were rushed to Brookside Hospital, San Pablo, for treatment of multiple cuts and bruises. All were today reported in satisfactory condition.

Company officials said the explosion, caused by a malfunctioning oxidation experiment, occurred at 10:30 a.m. A liter flask used in the experiment exploded and the laboratory was showered with glass.

A fourth injured man, Dr. Joseph Senyes of Berkeley, was also reported in satisfactory condition today.

### Bomber Test Kills Watching Workman

PALMDALE, Calif. (AP) — A workman was crushed to death by the landing gear of a giant XB70A triple-sonic bomber while watching a static test, says a North American Aviation, Inc., spokesman.

The spokesman said Wilbert Lanning, 50, of nearby Lancaster, was in the plane's wheel well, watching the gear being raised and lowered as the plane rested on jacks in the hangar yesterday. He leaves his widow and a son, John, 23.

# Repair Bids Sought At Tomales High

Tomales High School District trustees nast night called for bids for rehabilitation of high school buildings, to be opened at a special meeting at 8 p.m. June 15 at the school.

Voters in the district last year approved $175,000 in bonds to bring the buildings up to earthquake-proof standards.

Supt. Anthony Matulich presented a preliminary fiscal budget of $329,791, which is $69,741 more than this year's budget of $260,050. Matulich said that he expected the operating tax rate would go to the maximum of $1.25, with a total tax of $1.40 for next year.

The trustees granted pay increases to 11 non-teaching employees, averaging about 10 per cent. Largest single increase was to the cafeteria assistant which was a part-time job this year at $180 per month, but will be a full-time position next fall at $280 per month.

## DRAKE STUDENT'S YOUTH AWARD

Bruce Trimble, 17, of Sir Francis Drake Boulevard, Manor, Fairfax, has a preview look of a youth award medal from Archbishop Joseph T. McGucken who will formally present it to him at the sixth annual CYO Youth Awards dinner in the Fairmont Hotel, San Francisco, at 7 p.m. tomorrow. Trimble, a Sir Francis Drake High School student, is president of the Marin County CYO Teen Federation.

# Councilman Quits Drain Study Group

Tiburon City Councilman Fred C. Hannahs last night resigned as chairman of the council's drainage study committee.

In his letter of resignation, Hannahs wrote:

"Although I have invested considerable time and effort to inform myself as fully as possible in this maze of political, legal and engineering contradictions, I find I can no longer accept responsibility for decisions that are being made by others."

Hannahs said he meant no criticism of fellow Councilman John S. Hoffmire Jr., the other member of the committee.

Hannahs, who urged a special council meeting last Thursday to discuss drainage, has been critical that a joint-powers flood control agreement with Belvedere has not been worked out. He proposed to postpone dissolutoin of the Tiburon Flood Control District but failed to get support from other councilmen.

### The Tiburon City Council Also:

1. Passed an ordinance prohibiting parking on Juanita Lane and establishing a commercial loading zone there.
2. Passed an ordinance setting a 30-minute parking limit along Tiburon Boulevard and Main Street in the commercial section.
3. Tabled iscussion of dissolution of the Tiburon and Belveron Gardens lighting districts.
4. Continued to the May 24 meeting a request from Juanita Aureguy for the council to reconsider its affirmation of planning commission denial of a permit to divide 2145 Centro East into three lots.
5. Approved the broad outlines of plans for Tiburon Boulevard beyond the Trestle Glen area, to include bicycle and pedestrian paths and two "view points" for motorists. A decision on whether the knoll opposite the Del Mar area will remain or be leveled still is to come.
6. Voted to ask the State Division of Highways to landscape the present Tiburon Boulevard construction phase, including roadway dividers.

## Discussion Set On Sculptures

Discussion and critique of winning sculptures in the Marin Museum Assn.'s exhibition at the Civic Center will be held at 8 p.m. tomorrow in the board of supervisors chambers at the center.

Participating in the program will be Bruce Beasley of Oakland and Robert Shinn of Sausalito, whose works were prize winners in the show. Exhibition director Mary Tilden Strebeigh and show judge Peter W. Gygax, professor of architecture at University of Oregon, also will discuss the works.

Lothar Salin of San Rafael, member of the association, will be chairman.

## $3,000 Damage Caused In Fire

Some $3,000 damage was caused by a mattress fire in the rear bedroom of the Edgar Evans residence, 151 Pine Street, San Anselmo, at 1:35 a.m. Saturday.

The blaze apparently caused by a cigarette, was confined to the bedroom, but there was smoke and heat damage throughout the house, firemen

# Chrysler Makes Gain In Irregular Market

NEW YORK (AP) — The stock market was irregular at the close today. Trading was active.

Chrysler moved up suddenly in late trading and showed a 1-point gain. Kennecott and Xerox also rose a point or so. Eastern Air Lines climbed nearly 2.

Losses of a point or more were shown by General Motors, Ford, Polaroid and United Aircraft.

American Telphone and IBM were fractionally higher, Du Pont unchanged.

Volume 2nd graf 1st lead 194

Volume for the day was estimated at 5.1 million shares compared with 5.6 million yesterday.

Here was the picture near the close:

Gains and losses of fractions to about a point prevailed among leading issues.

Chrysler looked like the most active stock. Its price was steady while General Motors and Ford, also actively traded, were down more than a point.

Steels showed a string of moderate losses. Airlines were generally higher, with Eastern ahead more than a point. Oils were narrowly mixed.

As the market groped its way through a consolidation of recent peaks, IBM erased a loss and moved up more than 2. United Aircraft, Du Pont and Polaroid were down about a point each.

Pure Oil canceled a small early gain and took a net loss of about a point. General Aniline & Film was steady.

Pennsylvania Glass Sand had another spurt, rising about 3.

Ahead a point or better were Xerox, Goodyear (ex-dividend), Alcoa (ex-dividend), Beckman Instruments, Carrier, Carlisle, Dan River Mills, Houston Light & Power, Kaiser Aluminum, Pitney-Bowes, Pullman and Union Tank car.

Corn Products was up ⅛ at 55½ on a block of 12,900 shares.

On 10,000-share transactions, Alcoa rose ⅜ to 76 and Greyhound eased ⅛ to 22½.

## U.S. Gold Stock Reported Stable

WASHINGTON (AP) — Secretary of the Treasury Henry H. Fowler has indicated that the U.S. monetary gold stock remained stable the past few days.

Fowler told a news conference yesterday that as of May 3, the United States had sold $975 million in gold this year.

The outflow represents no change from Federal Reserve Board reports over the past two weeks.

Fowler said U.S. gold stocks now stand at about $14.4 billion.

## Airline Sets Freight Record

NEW YORK—American Airlines has announced that it had set a monthly record for air-freight volume in April.

The airline flew 17,914,000 revenue ton miles, a 23.4 per cent increase over the total for the same month of last year and an all time company high for the month.

The airline's revenue passenger miles totaled 721,593,000 in April, also a record for the month and a 17.1 per cent gain over the corresponding period of 1964.

## Bank Forms Corporation

SAN FRANCISCO — Bank of California has joined a group of large U.S. banks operating Edge Act Corporations.

Formation of the wholly owned subsidiary, to be known as Bank of California International Corp., has been approved by the board of governors of the Federal Reserve System.

The new subsidiary has paid-in capital of $2.5 million.

## Big Order For Small Turbines

PALO ALTO—The aviation industry's largest commercial order for small turbine engines has been announced jointly by Hiller Aircraft Co., Inc., subsidiary of Fairchild Hiller, and the Allison Division of General Motors.

Hiller, which is producing the first U.S. commercial turbine-powered light helicopter—the four-place FH-1100—has placed the order with Allison in Indianapolis for an initial 100 of its model 250-C18 gas turbines.

The order is Allison's first for the new engine that was developed originally for the U.S. Army's Light Observation Helicopter (LOH) competition, in which Hiller is a finalist with the OH-5A military version of the FH-1100.

## Net Earnings

NEW YORK—Celanese Corp. of America had 1965 first quarter net earnings of $14,810,000, equal to $1.15 a common share, on sales of $202,138,000, highest for any quarter in the corporation's history.

# Safety Deposit Box Popularity Growing Apace

NEW YORK (AP) — A rapidly growing form of protection for the individual consumer is the safe deposit box.

Once housed only in the vaults of big banks, safe deposit boxes were repositories for the valuables of the well-to-do.

But in recent years the availability of safe deposit boxes and the demand for them have grown. There is scarcely a bank or branch that now fails to have a safe deposit vault.

An executive of a safe manufacturing company estimated there is an average of 250 safe deposit boxes for every bank and branch bank in the nation.

Humbert Fabbro, president of the New York Safe Deposit Box Association, estimated that the number of safe deposit boxes in the United States now is more than 15 million.

The growing usage of safe deposit service is pegged to a combination of the improved economic status of the citizen and the growing complexity of the society that produces more and more documents that need special protection.

These would be items not ordinarily covered by regular insurance, or irreplacable items. At the top of the list would be important papers, stocks and bonds.

A partial list of important papers common to great numbers of people would include birth certificates, passports, papers of separation from armed forces, car titles, insurance policies, deeds to property, certain kinds of health records, citizenship papers, wills and other legal papers.

It is particularly important that bonds have special protection. Most bonds traded in the United States are so-called bearer bonds. That means the person who has physical possession can sell them or cash the coupons. If destroyed, they are irreplacable.

The bond exceptions are U.S. Savings Bonds or certain corporate securities that are registered in the owner's name. Even so, there is a certain amount of cost in time and convenience in getting replacements for such securities.

The contents of an individual's safe deposit box are private. The bank is legally barred from access, except when authorized or directed by a legal authority to enter it. Consequently, a bank has no way of knowing what is in a safe deposit box.

The costs of renting a safe deposit box vary widely, depending on location and box size.

For individuals who itemize their income taxes, safe deposit box rental is a legal deduction. It falls into the category of deductible expenditures for protection of income.

Bankers are hopeful that costs of safe deposit box rentals will be freed of a 10 per cent U.S. excise tax presently imposed. The tax is one of a number of excise levies President Johnson has proposed be eliminated this year. The legislation to eliminate the tax is before Congress.

## Air Freight Reported Up

NEW YORK — April traffic records, including an all time monthly record for international air freight, have been reported by Trans World Airlines.

System passenger miles totaled 785.5 million, a 23 per cent increase over April 1964. International passenger miles at 204.9 million were up 40 per cent while domestic passenger miles at 580.5 million were up 18 per cent.

TWA flew 6.9 million international freight ton miles, 76 per cent above the April 1964 volume and 20 per cent above the previous monthly record set in February. Domestic freight ton miles rose 35 per cent over April 1964 to 11.9 million.

## *Portable Cottage Being Built; Henrietta's Has A New Owner*

Handy new product of Kent-field manufacturer's agent **Donald R. Wilson** is **Paradome** — portable summer cabin, ski lodge, beach home, pool cabana, field house or any number of things.

A 12-sided enclosure of fibre glass panels, lightweight aluminum frames and reinforced nylon roof and floor, it folds up into a package approximately three by six feet and less than a foot thick. Weight is 90 pounds. It provides quarters 12 feet in diameter and with full head room. Two people can put it up in 20 minutes or less.

Wilson is exclusive Northern California representative. **Casper's** in San Anselmo is handling it in Marin. Models should be on hand this week. Retail price $339.50.

**NEW OWNER** of **Henrietta's Children's Shop,** 1132 Fourth Street, San Rafael, is **Mrs. Alice G. Ward** of Santa Venetia, who has purchased from **Mrs. Henrietta Lewis.**

SKUSE

The store is closed temporarily, pending delivery of new stocks. For the time being at least, the name will remain the same.

**DICK SKUSE** of San Rafael, who has his own publicity and advertising agency in San Francisco, has been appointed editor of the official program for the 1966 U. S. Open Golf Championship. You may remember him as the man who promoted the winter Olympic Games into Squaw Valley back in 1960. He also edited the 100th anniversary yearbook of the Olympic Club that year and is listed in Marquis' "Who's Who in the West."

**FORMER TIBURON** pub owner **Robert Cowan,** veteran news cameraman, has formed a new company at 1402 Larkin Street, San Francisco, to produce advertising and publicity films. It's called **Bay Area Independent Newsfilms** and specializes in one-minute television releases. Cowan, who also turns out educational and promotion productions, claims he can deliver films the day of the shooting throughout Northern California.

**SIDNEY E. STOCKWELL** of Larkspur has been appointed wood finishes supervisor for **National Lead Co.** (Dutch Boy paints). He will serve as consultant to lumber firms throughout the 11 western states on the application of mill-applied coatings.

STOCKWELL

SULLIVAN

**LEO E. SULLIVAN** of Tiburon has been promoted to vice president of **Bank of America's** Market-Van Ness branch in San Francisco. He will continue as manager there, a position he assumed last September. He has been with the bank 18 years, working in San Francisco offices since 1952.

**ONE OUT OF SIX** American stockholders now owns mutual fund shares, according to **Jess J. France Jr.,** San Rafael resident manager of **York Securities Corp.**

He also reports that a recent survey by American Investment Co. Institutes tallied four out of 10 mutual owners has having future retirement income as their major objective. France said mutual fund shares have helped to provide capital and income growth to offset rising living costs over recent years.

**MARIN COUNTY** received a total of $63,639 in a distribution of alcoholic beverage license fees and payments in compromise for the period of Sept. 1, 1964 to Feb. 28, 1965, the department of alcoholic beverage control has announced.

Broken down in districts, this was distributed as follows: San Rafael $19,975; Belvedere $975; Corte Madere $1,821; Fairfax $5,091; Larkspur $1,710; Mill Valley $3,084; Novato $4,653; Ross $207; San Anselmo $2,148; Sausalito $7,507; Tiburon $3,475 and unincorporated areas $14,-989.

Counties and cities receive 90 per cent of license fees and payments in compromise, distributed semi-annually. Payments in compromise represent fines paid by licensees in lieu of suspensions — usually for minor violations.

## School Building Bonds Sold

SACRAMENTO (AP) — State Treasurer Bert A. Betts today sold $100 million in state school construction bonds to a syndicate headed by the Bank of America of San Francisco.

The underwriting syndicate was low of two bidders with a bid of 3.2251 per cent interest with a low interest cost of $49,-817,958.

The sale consisted of two $50 million blocs of bonds to finance school building aid loans and grants to local districts. One bloc was the last of an issue approved by the state's voters in 1962; the other was the first of a 1964 issue.

Major partners in the successful syndicate included Crocker-Citizens and Wells Fargo banks of San Francisco and the United California Bank of Los Angeles.

## JIM MURRAY

### Matchmaker's Dream Fight

Anyone want to buy a nice, clean, near-new, slightly-used heavyweight championship prize fight?

Priced to sell. In fact, they'll pay YOU. All that's required is a first-class city as host. Median income not important. Transportation facilities, inconsequential. Proximity of schools, family income per dwelling unit of no comment. Corrupt police force not essential but elastic athletic commission absolutely necessary.

The combatants come highly recommended. One of them hasn't been in jail in weeks and has quit scaring old ladies in Philadelphia parks after dark. In fact, has quit Philadelphia.

The other one has temporarily soft-pedaled his membership in an organization which calls for separation of the races—preferably by obliterating the white one—for the time being.

**AS TO** references, one of them can furnish you with an impressive one from a number of Sicilian Americans whose names are highly placed in Washington. Right on top of the FBI file. The other one's list of references has been curtailed somewhat by assassinations lately, but, if you'll hold their guns for them while they write, he has a list of close associates who will vouch for him in writing. They can vouch for him because he's under their 24-hour guard. Of course, HE thinks it's his idea. But he's not the first guy under guard who thought he was Napoleon.

The fight is a matchmaker's dream. It's not St. George and the dragon. It's two dragons. It's civil war in Russia. You'll get guys hoping one will lose. You'll gets guys hoping the other will lose. But you'll get most guys hoping both lose and coming away happy in any case.

**THE FIGHT** has been flashed around the country like a French postcard. They don't let you look too close till you agree to take it and they see the sincerity of your connections. When last seen, the bout was moving northward out of Massachusetts in the general direction of Maine — or Iceland. The heavyweight championship is riding the rods. King of the Road.

If you know who wants it, call Charles Liston collect in Denver. If there's no answer, try the court house.

**IF YOU** want a list of satisfied customers, you might try Bill MacDonald in Miami. He didn't lose a cent over $750,000 on the last one. Bill ranks this fight just below smoking in bed as a cause of financial loss in this country.

The fight has been run out of more towns than Typhoid Mary. The once-glamorous heavyweight title has become an overpainted old strumpet. Or a guy with cardboard in his shoes. A fight of means by no means. Third box car, midnight train. Destination: Bangor, Me.

Next week: East Lynn.

**IT'S HARD** to understand why it has to be shopped around like a hot diamond. I mean, the last fight was so good. Where else can you offer the public the spectacle of one fighter quitting in his corner one round after the other wanted to? It's the red badge of courage. Or some other color.

Where else could you go 3,000 miles to see a fight and wind up covering a hernia operation? Or a commission hearing? Where else would you thrill to a weigh-in where a challenger shows up with a heart beat 30 ticks above that of a maiden who awakens at night and see a guy standing over the bed with a knife in his teeth?

**YOU OUT** there! Before this thing ends in a potato field in Aroostook County, let's hear from Puyallup, Wash., Cle Elom, where are you? Selma, Ala., like to improve your image? Muskogee, Enid, Anadarko! Let's hear from you! Cucamonga, Amarillo, Tampa? Anyone?!

You out there—in the teeming jungles of the Amazon! The fiords of Norway! Like a nice little prize fight brought to you at absolutely no cost? We'll be taking Route 66 in the morning. Make an offer. The champ'll be the one on the camel. The challenger'll be the one showing his driver's license to the motorcycle cop. Or his fists.

**THIS FIGHT** will go in any direction, including up. To Maine or the Moon. Pike's Peak or bust! Have fight, will travel. And travel.

Hurry, hurry, hurry! This offer good for a limited time only —say to the end of the century. Doesn't anyone want the nice sordid drama in 15 rounds or less? Step right up, folk, don't be bashful! The largest, greatest, permanent, established, floating heavyweight championship in history! A prize in each and every round. Guaranteed to grow hair, restore virility, cure the vapors, and tone the mind.

**DRIVE ON**, driver! Boy, a little riffle on those drums! All right, everything back in the bus, fellows! And be careful, don't spill that snake oil. Don't want to burn a hole in the axle.

# Giants Greet Chicago Cubs Tonight

SAN FRANCISCO (AP)—The Chicago Cubs, the team in Candlestick Park on the last day of the 1964 season when Alvin Dark was fired, bring back the former manager of the San Francisco Giants tonight at the start of a three game series. Game time is 8:15.

And Larry Jackson, the pitcher who killed Dark's pennant hopes and also beat his team that farewell afternoon, goes for Chicago.

Dark, now a coach for the Cubs, led the Giants into Wrigley Field last Aug. 27, only three games out of first place. But Jackson beat Juan Marichal in the first game of that doubleheader and the Cubs also took the second, leaving the Giants 4½ games back and practically out of the race.

Jackson won his 24th game of the season against 11 losses at Candlestick Sept. 4. Sometime during that contest, Giant owner Horace Stoneham told Dark he was through after four seasons as manager.

Marichal could be Jackson's opponent tonight. But it more than likely will be Ron Herbel because the ailing Marichal hurled a little over an inning in relief Sunday in picking up a victory against the Los Angeles Dodgers.

Both clubs are in the second division now, although a two-game win streak by either could quickly move them up in the standings.

The Cubs and Philadelphia Phillies were the most successful teams in Candlestick last year against the Giants, each winning six of nine games.

However, the Cubs were 3 - 6 against the Giants in Chicago.

San Francisco defeated the University of Santa Clara 9 - 3 yesterday in the annual exhibition that benefits the schools athletic program.

Reliever Bob Priddy got the pitching victory and afterwards was optioned to Columbus of the American Association. This leaves the Giants one over the 25-player limit with another cut expected today.

Willie Mays hit two homers and a single off losing sophomore right-hander Gary Shara. Hal Lanier and Jim Davenport also homered for the Giants.

The Broncos scored twice off Bob Hendley. One run came on a homer by Dick Solis.

If Herbel pitches tonight, either Marichal or Jack Sanford goes tomorrow in the second game of the series. Marichal is bothered by a slightly pulled groin muscle and a stuffed-up nose caused by an unknown allergy.

The Cubs are without the services of outfielder George Altman for about the next seven days. Altman, always a good hitter against the Giants, severely pulled a muscle in his right thigh running out a bunt.

### CASEY JOINS WOUNDED LIST

The list of walking wounded in the major leagues is growing larger every day, and now Casey Stengel, manager of the New York Mets, can be added to it. Casey, shown with his arm in a sling, broke his right wrist in a fall as he prepared to board a bus prior to the Mets exhibition meeting with Army yesterday. But that won't stop Ol' Case from being in the dugout tonight when his Mets take on the St. Louis Cardinals in New York. (UPI Telephoto)

# Will Braves Move Earlier Than '66?

ATLANTA (AP) — The Milwaukee Braves' refusal of a $500,000 offer for their slugging catcher Joe Torre when the club is losing money brings up speculation that owners of the National League baseball club feel there still is a chance to move to Atlanta this season.

The Braves could use the half-million dollars offered for Torre by George Weiss, president and general manager of the New York Mets. Milwaukee fans, angered by the club owners' decision to move to Atlanta, are staying away from County Stadium in droves and the ticket office cash registeres are collecting spider webs from lack of use.

The club's final season in Milwaukee is turning into a financial headache for its owners. A Wisconsin court ordered the Braves to honor the final year of their contract with Milwaukee County after the club attempted to move to Atlanta this year. The National League has okayed the move for 1966.

At the start of the season, the Braves said "a sizeable cash offer" — the description is Club President John McHale's — was available to Milwaukee to allow the Braves to leave. But the angry climate in the city precluded such an offer.

McHale said last night in a telephone interview from St. Petersburg, Fla., that he has heard of no change in the stormy climate around Milwaukee and County fathers don't seem to be relenting.

"But we're still open for negotiations," McHale said. "And I'm sure that they (Milwaukee County) are very much aware that our offer still is available."

Braves' officials are hoping that Milwaukee leaders might be more receptive now that they've proven their point that they could hold the Braves there. Then, too, the "substantial cash offer" would be considerably more than the city would get based on attendance figures so far this year.

With the city now trying to get another major league baseball team, it has been pointed out in some circles that city politicoes might feel it would backfire on them if they forced the Braves to stay, since fans unofficially are boycotting the team.

McHale said the Braves turned down the offer for Torre because "We want to win the pennant and the Milwaukee club cannot win any pennants without players like Torre."

The Braves' president said Torre is not for sale, even though he said he was sure Weiss offer was "just openers."

"After all, Torre hit three home runs in the doubleheader with the Mets Sunday," he said, implying that the 24-year-old Brooklyn-born slugger is worth considerably more.

Torre now is batting .348 with six home runs and 12 runs batted in. Last year he hit .321, hammered 20 homers, drove in 109 runs and generally was regarded as the best catcher in the league.

"The Mets are anxious to get him, but we're even more anxious to keep him," McHale said.

"The thing uppermost in the minds of the stockholders is winning the pennant this year," he said. "Next year can take care of itself. I'm sure we'll get the kind of support we need next year in Altanta."

# Phillies Beat Cards 4-2; Dodgers Nip Astros 3-2

By MURRAY CHASS
Associated Press Sports Writer

When Johnny Briggs wakes up tomorrow, he'll still be a Philadelphia Phillie.

That's not his idea, but with his luck he can't avoid it.

Briggs, a 21-year-old outfielder, had hoped to turn into an Arkansas Traveler at tonight's bewitching hour of midnight. Then he was sent to bat as a pinch hitter in the ninth inning of last night's game with St. Louis.

Twenty minutes later, the Phillies had a 4-2 victory and Briggs owned a spot on the team's 25-man roster.

The young lefty, in his second season with the Phillies, doubled and scored the tying run in the ninth, then slammed a two-run homer in the 10th.

Briggs' name has been tossed around as one of three players who must be pared from the roster by midnight tonight, the majors' cutdown deadline.

And while Manager Gene Mauch said after the St. Louis game he never has had any intention of delivering Briggs to the minors, Briggs actually would welcome a trip to Little Rock.

"I want to play, that's the only way I can learn," he said after his power performance. "I'd like to stay here, but I'd like to play, too. And you can't do both. We have too many good outfielders. So I'd be willing to go down if they want me to."

Until last night, Briggs had played in nine of the team's 22 games, posting only three hits in 13 times at bat with no runs batted in. Last season, protected on the roster as a first-year player, he batted only 66 times in 61 games for a .258 average.

His two hits against the Cardinals rocketed his average 102 points to .333. The homer equaled his entire 1964 output.

In the only other National League game, Los Angeles edged Houston 3-2 in 10 innings. Rain halted Cincinnati and Pittsburgh in the third inning.

The Cardinals moved in front 2-1 in the eighth inning as Mike Shannon beat Dick Stuart's throw to the plate on Dick Groat's slow grounder.

But Briggs batted for Jack Baldschun and doubled off the scoreboard. Two outs later, he raced home on Johnny Callison's single.

Bob Purkey retired the first two Phillies in the 10th before Ruben Amaro singled. Briggs, who had remained in the game as the left fielder, came up next and drove the ball over the right field wall.

The Dodgers won their game with two out in the 10th, too. Lou Johnson, replacing the injured Tommy Davis, beat out an infield single with two out, then stole second and continued to third when catcher John Bateman fired the ball wildly.

After Hal Woodeshick walked Jim Lefebvre, Ron Fairly rapped a single to center, scoring Johnson.

Johnny Podres had limited the Astros to three hits through seven innings, but they erupted for a 2-2 tie in the eighth on doubles by Joe Morgan and Bob Aspromonte and Jim Beauchamp's single.

# Machen Rush Draw, Now Want Rematch

SAN FRANCISCO (AP)—Following their furious 10 - round draw, both veteran heavyweight Eddie Machen and unranked youngster Elmer Rush agreed to a rematch.

"I'll still be heavyweight champion in 1966," calmly said the 24-year-old Rush, 209, after the fight last night. "But I guess I'll have to get by Machen."

The young fighter has predicted he will become world heavyweight champion by next year.

"I'd like to wait about three weeks and then take this guy in a rematch," said the 32-year-old Machen, 194, ranked fourth by the World Boxing Association and eighth by Ring Magazine.

Promoter Benny Ford, who pulled a crowd of 3,480 into San Francisco Civic Auditorium for a gross gate of $11,532, said he'd like to make the rematch of the San Francisco battlers for Monday, June 21, in the same arena.

Judge Jack Silver gave four points to each man. Judge Bob Mitchell had Machen on top 4-3. Referee Frankie Carter scored it 6-2 for Rush. In California, the winner of a round gets from one to five points, the loser none. Each fighter gets zero for even rounds.

It was Machen's third draw in 56 fights. He's won 47 and lost six, including the fight previous against Ernie Terrell for the WBA crown. Rush now is 11-1-2.

Machen stunned Rush in the eighth and ninth rounds and might have knocked down his taller foe if he hadn't slipped to the canvas missing a left hook late in the ninth.

## Softballers Win Twin Bill

Sohner Tree Service softballers won a doubleheader from Blood Bank of Santa Rosa yesterday, taking the first game 7-4 and coming back in the second one, 8-1.

Maury Swarm was the first half of a brother pitching combination to win the first game, allowing six hits. John Brookman had a homer and Art Donati a triple to pace the Sohner attack.

Gary Swarm, Maury's brother, pitched the win for the second game, allowing only one hit. Bill Haymart had a homer and triple for the winners.

The treemen will host Two Rock of Petaluma Saturday in a doubleheader at Albert Park in San Rafael starting at 7:30 p.m.

## YOUNGSTER SWITCH HITS TWO HOMERS

Dan Pieri, 12-year-old member of the American Legion team in the San Anselmo Little League, is quite an accomplished switch hitter.

Yesterday Dan hit a home run righthanded over the left field fence and later came to bat lefthanded. He put one over the rightfield screen for his second homer of the day, one from each side of the plate.

His three runs batted in helped his team to a 5-3 triumph over Rotary.

## Marin Hard Top Driver Fourth

Charley Louwaert of San Rafael, winner of the previous week's main event, finished fourth Saturday night in the hard-top races witnessed by 1,822 persons at the Petaluma Fairgrounds.

Jim Giambra of San Rafael placed second in the semi-main event, Bob Buell of San Rafael and Tom Crowther of Kentfield were second and third in the first heat and Louwaert was third in the third heat.

## Marin Women At G. Gate Fields

Mrs. Thomas Marshall of Kent Woodlands will crown the winning horse of the feature race at Golden Gate Fields tomorrow.

The race, named in honor of this Sunday's "Office and Industry Tour," will highlight the benefit for the Senior Center. Mrs. Marshall is president of the center's auxiliary.

Other Marin women in the winner's circle will be Mrs. Joseph Cresalia of San Rafael and Mrs. John Hall of Sausalito.

# Legalities Hover Over Title Fight

BOSTON (AP) — The legal beagles continue to upstage the combatants in the saga of the postponed, maligned and now transplanted world heavyweight title fight.

As a refresher, that's the one that pits champion Cassius Clay and Sonny Liston in Lewiston, Maine, May 25. It started its rocky road to reality nine months, one hernia operation and a court battle over a "banned in Boston" injunction ago.

But back to the legalities.

Suffolk County Dist. Atty. Garrett Byrne, who sought the injunction to block the fight scheduled at Boston Garden May 25 prior to last Friday, indicates his investigation isn't over. He says he may present evidence to a grand jury and is interested in alleged "pressure" applied to get the fight in Massachusetts.

Meanwhile, a source close to Inter-Continental Promotions, Inc. who does not wish his name used, says that group and Sportsvision, the closed-circuit television outfit, have lawyers investigating the possibility of suing D.A. Byrne for $5 million.

The source said the fight was taken out of Boston amid court action which "left the backers hanging in the balance as guilty of some terrible thing." He added the proof of something sinister has never been forthcoming.

The word "harassment" is getting a workout.

"We got so fed up with the nonsense and harassment we couldn't wait any longer and chance a postponement," Inter-Continental's Harold Conrad said of the pulling out of Boston, done before the injunction request was actually passed upon Friday.

Gov. John H. Reed of Maine, who led a general state-wide embracing of the transferred fight and called it "one of the biggest things that's ever happened in Maine," said yesterday the backers "were not running away from the law but running from what was almost harassment by the law."

The promoters say boxing is a "cripple the politicians pick on" and add the sport "has taken a bum rap here."

Byrne says his mail is "running 12-1 in favor of me" adding the correspondence is the heaviest in years.

Byrne says he doesn't feel Inter-Continental pulled out of Boston to put him on the spot but rather "they knew they would have lost and didn't want an injunction issued against them."

Byrne says he has a letter from Chairman Herman Greenberg of the Massachusetts Boxing Commission to M. L. McKenzie of Toronto, head of the World Boxing Commission, written last September, mentioning "pressure" applied in originally bringing the fight to Massachusetts.

Greenberg said he meant by political pressure that he has friends in political life, some of whom were interested in seeing the bout staged in the state.

"The real question now is why the boxing commission let the fight come here after it originally had voted against the fight coming here?," says Byrne. "The way the thing was going I was set up to be the patsy. Every other big city and state turned it down, and we come along and accept it."

Byrne wants to know the status of the law providing five per cent of the ancillary rights for a fight for the state.

"This was supposed to have been collected on every fight that's ever been televised out of Boston. Now I assume that it's never been collected once. Because when I broached the subject of ancillary rights no one knew what I was talking about."

# Bosox Trip Yanks; Twins, Tigers Win

By DICK COUCH
Associated Press Sports Writer

The Boston Red Sox won't complain if Carl Yastrzemski, who wants to change directions, has an occasional change of heart. Not when it winds up in the right field seats at Fenway Park.

Yastrzemski, who believes a few more hits to left field will make him a challenger for the American League batting championship he won two years ago, hit two home runs and a sacrifice fly last night, giving the Red Sox a 3-2 victory over the staggering New York Yankees.

The 25-year-old Boston star knocked in a first-inning run with a liner to left fielder Mickey Mantle and homered into the left field screen in the fourth before driving deep into the right field stands in the eighth to snap a 2-2 deadlock and help rookie right-hander Jim Lonborg post his first major league victory.

Lonborg needed a ninth-inning assist from relief ace Dick Radatz, who got the last out after the sore-legged Mantle, making his first start in eight days, doubled off the left field wall for his third hit.

Mickey drove in both New York runs with his fifth homer and a single but the Yankees plummeted to ninth place despite pitcher Bill Stafford's first complete game since 1962.

The Minnesota Twins edged the Chicago White Sox 4-3 and the Detroit Tigers nipped Baltimore 5-4 in the only other American League games scheduled.

Yastrzemski, who won the batting title with a .321 average in 1963 but slipped to .289 last season, broke an 0-for-16 slump Sunday against Cleveland with doubles in his last two trips to the plate. He had not driven in a run in a week and had only one home run — on April 17 — prior to last nights explosion.

"I should hit that outside pitch to left field and I intend to do that this year," the left-hand hitting outfielder said before the season started. "I don't recall hitting a home run into the left field nets at Boston last season. The year before I hit six or seven up there. That's the way I'm going to hit from now on."

Minnesota rookie Mel Nelson relieved Jim Kaat with one run in, two on and none out in the ninth and retired three straight hitters to save the Twins' victory over the White Sox.

Rich Rollins drove in two runs for the Twins with a double and ground out and scored the deciding run in the sixth on Jerry Zimmerman's single. Dave Nicholson homered for the White Sox.

Al Kaline hit his third home run in three days, a three-run shot in the first inning that helped the Tigers gain a split of their four-game series at Baltimore. The Orioles wiped out the early deficit, however, and led 4-3 until Dick McAuliffe singled across a fifth inning run and the Tigers added an unearned run in the sixth on Don Demeter's single, Bill Freehan's double and an error by Jackie Brandt.

## Elorde In S.F. Bout?

SAN FRANCISCO (AP)—Manager Lope Sarreal said last night that he wants to bring Flash Elorde to San Francisco sometime in August for an over-the-weight match after the junior lightweight champion defends the title June 5 in Manila against Japan's Teruo Nosaka.

Sarreal told promoter Bennie Ford that any one of three lightweight contenders would make a suitable opponent. He named Franco Brondi of Italy and Raul Soriano or Alfredo Urbina, both of Mexico, as possible foes for a 10-round fight to benefit the Corregidor War Memorial Fund.

Sarreal was in San Francisco to watch Ford's promotion of last night's heavyweight fight between Eddie Machen and Elmer Rush that ended in a draw.

Elorde last fought in San Francisco on Aug. 17, 1960 when he knocked out Harold Gomes in the first round of a junior lightweight title fight. Elorde lost in his bid for the featherweight crown in San Francisco on Jan. 18, 1956, when Sandy Saddler stopped him in 13.

# 70 Ft. Is Ultimate Shot, Says Matson

COLLEGE STATION, Tex. (AP) — Randy Matson, the man with the truck driver's torso, legs of a ballet dancer and grunt of a bull elephant, flipped the shot 70 feet 7 inches and declared, "Around 70 feet is the ultimate for this thing."

Which means West Coast track fans perhaps shouldn't start expecting 75 feet Friday night when he competes in the Coliseum Relays at Los Angeles.

They will, however, because the mighty Matson, who warms up for the shot put with 68-foot throws, already is ranked with Hercules, Sandow and others of that ilk.

Not by Matson, though. He gives the impression of being awed by the feats of others but not having too much confidence in himself.

"I need a rest so I can work with the weights and build up my strength," he said after he had thrown the shot five times and the shortest was 67 feet, 9 inches. "And I need more speed across the ring."

His opponents, Jim Lancaster of Baylor, for instance, probably think Randy needs more strength about like the Empire State Building. Lancaster was beaten 14 feet, 9 inches by Matson in the Southwest Conference meet here the past weekend when Randy set the world's record of 70-7.

The reason Matson thinks he isn't strong enough is that he can lift only 350 pounds while Dallas Long, the fellow whose world's record of 57-10 Matson has bettered three times, can lift 510.

Matson must be wondering what he will be able to do when he has reached his growth. He is only 20 and is a sophomore in college.

"I have been 6 feet, 6½ ever since high school," said Matson, acting like he feared he might turn out to be a runt, at least among the giants. "I have gained some weight (now he's 256), but I need to be about 270 so I can be stronger.

"That's about the only way I can improve on my throw. When you get up around 70 feet you quit putting it and start throwing it."

Matson, who lets out with a grunt that can be heard 100 yards away every time he throws the shot — he says it helps him — may want to improve on that, too. Every little bit helps, you know.

Randy right now is having trouble getting his school work done because he can't say "no" to anybody. The magazines and newspapers and photographers are coming in in a stream.

## Shoemaker Rides A Longshot Win

ALBANY, Calif. (AP)—Willie Shoemaker got longshot Dance With Ali first across the finish line by a nose yesterday in winning the one-mile, $4,000 Jockey's Guild Purse opening the 13-day Tanforan at Golden Gate Fields meeting.

The victory by the Kentucky Derby winning jockey in 1:36 flat returned $28.80, $10.00 and $3.60.

Roland Judge finished second by one-half length and paid $5.40 and $3.00. Favored Spanish Cavalier led into the stretch before losing command and finishing third for a $2.40 show pay-off.

# Rain Is Flooding Colonial Course

By MIKE COCHRAN

FORT WORTH, Tex. (AP) — Texas skies held a partial solution today of a $100,000 question — the outcome of the Colonial National Invitation Golf Tournament.

Heavy showers punctuated by lightning have postponed for two days the final round of the 72-hole event and installed George Knudson as perhaps the only five-day leader of a PGA tournament.

The 27-year-old Canadian seized the lead Thursday, shared it with Bruce Crampton Friday, regained sole possession Saturday and since has contented himself with James Bond movies.

Discussing the mental anguish of leading a twice-delayed event, Knudson declared:

"I think it's just about the same for players who still are in contention... as much tension for them as myself."

Knudson, with a 54-hole total of 209, held a one-shot margin over Crampton and Tony Lema as the field prepared to try again today.

A formidable sextet, lingering three shots back at 212, was composed of Julius Boros, Gardner Dickinson, Doug Sanders, Chi Chi Rodriguez, Don January and Al Geiberger.

Only three players worked in nine holes before thundershowers ended play yesterday. They were Mike Souchak, with a five-over-par 40, and a pair of 38-shooters, Al Besslink and Raymond Floyd.

Knudson, Crampton and January — forming the last trio off the tee — completed the first hole in regulation par 5 before romping back to the storm shelter.

The wretched weather has brought forth a special set of playing rules which permit the contestants to improve their lie anywhere on the course or greens except in hazards.

The 7,132-yard Trinity River layout has absorbed somewhere in the vicinity of four inches of rain since Sunday morning, and playing conditions are anything but favorable.

Tournament officials, viewing the weather forecasts with dismay, said if rain prevented the windup today the tournament would probably be extended until Wednesday. Beyond that point, with the Greater New Orleans Open scheduled to begin Thursday, plans remained indefinite.

A number of players, weary with the soggy situation, sought and received permission yesterday to withdraw. They included Tommy Jacobs, Bob Rosburg, Tommy Aaron, Fred Hawkins, Jack Rule, Johnny Palmer, R. H. Sikes and Doug Ford.

## Creepy-Peepy To Be Used For Liston-Clay TV

Sonny Distkin, who inaugurated the "creepy-peepy" camera at ringside, will produce the SportsVision, Inc., closed-circuit telecast of the May 25 Cassius Clay-Sonny Liston heavyweight title match at Lewiston, Maine.

"Diskin has produced and directed more fight shows, for both home TV and closed-circuit, than anyone else in the business," said promoter Louie Miller who is bringing the theater telecast to the Richmond Auditorium.

The "creepy-peepy" is a maneuverable camera which brings closeup views of the fighters from the ring apron. Diskin plans to use two of the units for the telecast.

Miller also announced that Steve Ellis, who has the daily top-rated sportscast in Los Angeles and has been on the boxing scene more than 25 years, will be at the microphone.

Tickets for the Richmond telecast are on sale in Richmond at the two Conn Drug Co. stores and Lambert-LaLone Sporting Goods and in Vallejo at the Depot Club and Larry Webb Motors. The auditorium is scaled at $4, $5 and $6.

# The FISHIN' FOOL

I-J Fish and Game Writer
By RALPH STEVENS

## *Fish Are Being Caught, From Trout To Catfish To Salmon*

STEVENS

In order to celebrate Mother's Day, a flock of avid anglers went to sea in ships after salmon. Most of them forewent the chilly north wind areas and headed south. Talking with Bob, of Caruso's harbor at Sausalito, I was told that the action has picked up off Pigeon Point. "Several skippers were talking about having some nice fish aboard two claimed to have one or more salmon weighing over 30 pounds and at least one that registered 40 pounds," said Bob. Here's hoping the skippers hadn't mistaken April Fools Day for Mothers Day.

From Caruso's place on Saturday, the high boat was the Jennie C. she netted 12 salmon to 12 pounds in the area between Duxbury and the light ship.

**ON SATURDAY** another skipper figured that area would pay off— it did—for the African Queen out of Lee Anderson' Oakland bait shop. The African Queen took 4 limits to 14 pounds.

From Lee Anderson's I also learned that Don Bieglow took a limit of catfish to 1½ pounds and a limit of stripers to 10 pounds in the Mokelumne River.

The only trout report from Anderson's was of two local anglers, Herman Fuhrman and John Caseri, limiting witth 8 to 14 inch fish in Lake Bon Tempe.

**THE RUNS** of sturgeon continues. The Quans of China Camp reported six of the big fellows taken on grass shrimps. One of China Camp's "regulars" nicknamed "Rocky," landed the largest one, a 75-pound monster. "Rocky," who hails from San Anselmo, fought his sturgeon for close to two hours before hauling it over the side of the boat.

Captain Bob O'Brien, who pilots the boat Dowrelio No. 6 out of Crockett, has brought in limits for all aboard for four day running. On Saturday Captain Bob had four rods working and brought aboard four of the lunkers to 65 pounds. Charlie Schmelz, operating his own cabin cruiser, staisfied four friends with a sturgeon each.

**MEL SILVA**, boss of the Hayward Fisheries, was eye witness to sacks of assorted rockfish being brought off the two Arcoleo Deep Sea fishing boats out of Monterey. Captains Chris and Chris Jr. say "come and get 'em!"

Joe Wun of Spartsmen's Center in Castro Valley gave honorable mention to an angler who landed 35 crappies, 10 catfish to 18 inches and a few bluegills in Clear Lake.

I understand a trio of Bay Anglers accounted for limits of trout to 14 inches at Frenchman's Dam, over the opening days.

# Boccabella Takes RBI Lead: 21

John Boccabella of San Anselmo has taken over the runs batted in lead of the Texas League.

Boccabella, former Marin Catholic and University of Santa Clara star, banged in 9 runs and batted .310 for the week to hike his RBI production to 21 and his batting mark to .284 for Fort Worth, the Class AA Chicago Cubs farm club.

The hard-hitting first baseman hit a homer and three doubles while going 10 for 29 in the last reported week from Player Periscope of Novato. So far Boc has four homers and four doubles while going 21 for 74 at the plate. He has also scored 11 runs.

Another bright report comes from Cocoa, Fla., where Steve Miller, another San Anselman, is pitching for the Houston Astros farm club in the rookie Florida State League.

Miller, a fast-balling right-hander, threw nine innings and allowed only three hits in one game but didn't get credit for either a win or loss. He walked five and struck out six. That performance left him with an eye-popping earned run average of 0.49 after 22 innings pitched. He has appeared in three games and has a 1-0 win-loss record. He's whiffed 18 batters and has walked 17.

Gerry Ard of Fairfax, shortstop for the same Cocoa ball club, had a single in three trips to the plate during the last reported week. It was his first hit and left his batting average at an anemic .111. He has one hit in nine appearances, mostly as a pinch batter.

# SCHWATKA, SCHWARTZ SPARK NAVE LANES BOWLING LEAGUES

Warren Schwatka put together games of 182, 236 and 200 for a 618 series in the 840 Scratch League to headline the scores for the past week at Nave Lanes.

High game honors went to Milt Schwartz with a 263 game started by eight strikes in a row. That was in the same 840 Scratch League. Jon House had a 614 in the 840 Scratch, Bob Carrier rolled a 614 in the Thursday Late Mixed, Bud Sparrow a 613 in the Gutter Society Mixed, and Ed Hood a 611 in the Friday Leftovers. Carrier's set was topped by a 257 game.

Nita Moore featured the play for the women with a 586 series and 230 game in the Early Birds League. Jan Sabbatini rolled a 571-225 in the Washday League and Ray Wilson, rolling in the Women's Classic Trio, scored a 756 four-game set headed by a 207 game.

Tami Sjoblom had high game for the gals, a 237 in the Women's Classic League.

*EVERYTHING'S RIGHT*

# Ernie Banks Regains Snap, And Confidence

By JOE MOOSHIL

CHICAGO (AP) — All the pieces are falling in the right places for Ernie Banks this year.

As the Chicago Cub slugger himself says, "The rain in Spain falls mainly in the plain, right? That's how it is this year. Everything is going right."

That's only the half of it. The 34-year-old star, who seemed to be gradually fading from the scene the last two seasons, is enjoying the greatest start of his commendable career, during which he became the only player in the National League to win the Most Valuable Player award in successive years.

Banks was the MVP in 1958 and 1959. He has never played with a first division club.

But Banks is doing his utmost this year to help pull the Cubs from oblivion. He is toting a .348 batting average with eight home runs and 32 runs batted in to lead the majors in that department.

Banks has made some adjustments in his stance after studying movies but admits that this isn't the reason for his fast start.

"Honestly, I don't know what it is," said Banks. "I had it a little rough the last two years.

"I'm the type of guy who never had to concentrate on hitting. It came naturally. Then things started going bad. I began pressing. Instead of snapping my wrists and hitting the ball out of the park, I began using force.

"Sure I'd hit a homer now and then but it wasn't the same. It got the point where I began wondering if I could still play. The harder I tried, the worse it got. I worried.

"But now it seems like I have it again. Oh boy, It's like night and day. The snap is back in my wrists. More important, the confidence is back."

Banks drove in a run in the first game Sunday to help the Cubs grab a 2-0 first-inning lead against Houston but the Astros won it 11-5.

In the second game, Ernie homered in both the fourth and sixth innings to make it eight successive games in which he has driven in at least one run. The Cubs won the nightcap 7-1.

When he came to bat in the eighth, the crowd of 17,796 gave him a standing ovation. Banks replied with a single.

"Oh boy, did that feel great when all those people stood up and cheered. What a wonderful feeling. What wonderful people. I only wish I could have responded with another homer. But I'll take the singles too, gladly."

Cub Head Coach Bob Kennedy can't put his finger on Banks' comeback. "I don't know what it is he's eating," said Kennedy, "but if I ever find out I'll buy him a double order every day. We'll just leave him go and hope he never stops."

## TO PUBLISH ENGAGEMENT AND WEDDING STORIES IN THE I-J

The spring months are a popular time for wedding and betrothal announcements. Forms for engagement and wedding story information to be printed by the Independent-Journal are available from the I-J offices in San Rafael, Novato, Mill Valley and Corte Madera.

Wedding forms must be returned to the I-J promptly and information will be printed immediately after the wedding takes place.

Photographers should be urged to submit a print of the wedding picture promptly for publication. Color photographs cannot be used.

The Independent-Journal does not print wedding stories or photographs more than 30 days after the wedding takes place.

Engagement forms may be accompanied by a professional black and white photograph, which may be obtained in the I-J office after it is printed.

Color pictures or snapshots are not suitable for publication.

# Mill Valleyans Will Speak At AAUW State Convention

Mrs. Ross Shade and Mrs. Russell E. Wallace, members of the Mill Valley Branch of the American Assn. of University Women, will speak at the 44th annual convention of the California AAUW state division.

They will attend the convention in Fresno Thursday, Friday and Saturday with five other branch delegates.

Branch fellowships program chairman Mrs. Shade will speak twice at the creativity roundtable Friday afternoon. She will highlight the just concluded "Exploring Creativity" lecture series which benefitted the AAUW fellowships fund.

In her second talk on creative leadership she will discuss techniques such as brainstorming, psychodramas and synectics methods. During the year she has been a member of the state division's special creative implementation committee.

Mrs. Wallace, new branch president, will read a paper on "The Voice of the Area Representative in the Branch Program Development Committee," written by member Mrs. R. S. O'Connor.

Other delegates will be Mesdames Edward J. Boesseneckker, former president; Harry M. Galliver and F. J. (Dr. Margaret) Grew, branch education area representative and consultant to the state's special creativity implementation committee.

Mrs. Elgar R. Hill, branch corresponding secretary and new first vice president and program development committee chairman, and Mrs. Harold T. Rogers will also attend.

## EXPLORING CREATIVITY

# Ability To Form Questions Valued Over 'Right Answers'

**Second of three articles based on "Exploring Creativity" a series sponsored by the Mill Valley Branch, American Assn. of University Women, held at the College of Marin the past month.**

By BARBARA HOSMER

The researchers are revising their ideas about the creative thinker, now believing that creative thinking shows in being able to formulate the questions rather than in getting the "right" answer.

In fact it is time to examine the entire range of motives for encouraging creativity, believes Thelma Harms, head teacher of the Harold E. Jones Child Study Center nursery, which is part of the Institute of Human Development at the University of California.

**MRS. HARMS SUGGESTS** that it is time to ask what happens to creative people when they grow up — what kinds of new and different ideas does this conformist society reward, toward what ends are children going to use their encouraged creativity?

"I think we must teach values too; I wonder if we don't have to build in some other values when we encourage creativity," she commented, suggesting that a sense of usefulness and responsibility were important as well.

**MRS. HARMS SAID** that one study has recently been made to determine what creative people think about and how they think about it, studying genius and creative people.

**"We have been used to thinking of intelligence as the ability to get the 'one right answer' but they now believe that creative thinking shows in being able to formulate the questions instead.**

"Now we also believe that people should generate many ideas and then choose the one that's best. Creative thinking is learning how to look at a problem, learning how to rephrase the question and reconceive the problem," Mrs. Harms explained.

**A STUDY WAS DONE** comparing the intelligent with the highly creative children.

"The creative youngsters showed a more marked sense of humor and an independence coupled with sensitivity," Mrs. Harms said.

She outlined other characteristics of the creative child turned up in the study: early sex-typing makes a person more conventional and less likely to feel free to explore alternative ideas; the creative child was able to "take a chance" to be divergent from the group and the family pattern of the creative child had different characteristics from that of the children who were highly intelligent but not especially creative.

**The creative child's family showed less discipline, more confusion and was more emotional and the family unit was less smotheringly close. There was less vigilant supervision by the parents and less stress placed on the conventional virtues and values.**

"This family can put up with a seeking, risk-taking child," Mrs. Harms explained.

**MRS. HARMS SAID** that the creative child and adult were encouraged in "divergent" thinking—exploring and creating of many ideas—while the less creative were used to "convergent" thinking — the seeking the "one right answer" which up until now our society has especially rewarded.

**She commented that authorities increasingly are seeking the value of divergent thinking and are beginning to conduct studies that show it can be encouraged and taught to youngsters.**

She cited a study by Crutchfield and Covington in which children were taught to question and get divergent ideas and to evaluate them and come up with solutions. They gave children mystery stories, encouraging them to ask questions and then to seek solutions, not just "sensible" ideas but all that might apply.

Mrs. Harms said that significant difference was shown between the group in which creativity was encouraged and other children, making it possible for the first group to question and generate more ideas.

**"Maybe if an adult thinks it's important to get a zany idea and encourage creative problem solving, we may do some good," Mrs. Harms commented.**

"A toddler is curious, it's a matter of encouraging him. The curiosity is there. Our job is to make the process of finding out a positive thing," she said.

## Queen Wears Jeans Around The Palace

BANGKOK (AP) — The world's best dressed woman occasionally wears old jeans, shirts and sweaters around the house—or rather the palace—says a Bangkok newspaper.

The English language Bangkok Post, in a feature on the fashions of Thai Queen Sirikit, who was voted the world's best dressed woman earlier this year, said:

"As a rule her majesty prefers to dress simply but with good taste. The beauty of her gowns, which are made either by famous couture king Pierre Balmain or Korn Kaew (a local salon) lies in the intricate embroidery and material.

"Most of her gowns could be worn for three or four years without becoming outdated."

"In fact, her majesty rarely orders a new gown except when going on state visits or receiving royal visitors. At such times, Pierre Balmain would be called upon to present her with various designs and materials for her approval. Otherwise, it is a pair of old jeans and shirts or sweaters for Her Majesty when she is at home."

The paper said the queen's accessories are also kept as plain as possible.

"No glittery or brightly colored handbags and shoes—they are either white, black, beige, and sometimes pearly pink. Oversized handbags are also out."

The Post said the queen, who is credited with having revived national dress designs in Thailand, supervises the way the three young princesses are dressed. And courtiers, the paper said, also get helpful advice from the queen.

"They are constantly reminded that they should watch their figures and see that dresses suit their personality.

Your skirt is too short. Your knees shouldn't show even when you are sitting down, they are told.

"Valuable is the advice of the best dressed woman in the world."

NEW WAY TO BE SUDDENLY SLIM, COMFORTABLE, TOO

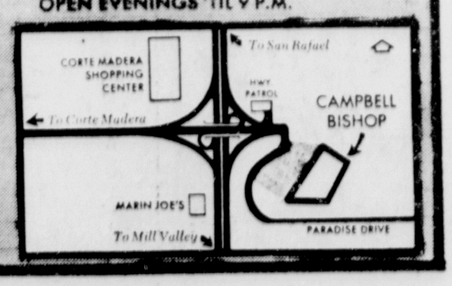

San Francisco—Are you a woman whose figure is on the good side but might look perfect? You'll be thrilled by the new, easy way science has discovered for you to become Suddenly Slim and yet completely comfortable. If you're more than 15 pounds overweight or your waistline is larger than 32 inches, then this idea is not for you. If your weight problem falls within this range, then you can realize a new, smoother figure today, without diet or exercise.

Suddenly Slim is an all-new kind of 4-oz. girdle constructed of science fibers. One startling innovation is the sheer nylon front panel. This is permanently stiffened by a science process and cannot give or sag. It's surrounded by a slimming action border. A featherstitched panel down each side of this girdle will contour your hips if they are a problem.

The girdle itself is of "wonder" Lycra spandex blend. It's a new power net consisting of nylon, acetate and spandex. It is so comfortable, but has such slimming strength, it gives your figure everything that's possible with a foundation.

"Suddenly Slim," in both girdle and panty versions, is the peak achievement of the California designer-genius, Olga. They are available in our area at The Emporium, Foundations, all six stores, phone YU 2-1111.

Dentures or 'Bridges' Must Be Cleaned like fine jewelry

Modern dentures are expensive—and like fine jewelry they are easily damaged. Abrasive pastes or hard brushing may scratch dentures...may cause 'teeth' to be dropped or broken.

But today there's a newer, safer way to clean dentures—*soak* them clean in KLEENITE!

Fast-acting KLEENITE combines *three* stain-removing actions: (1) detergent; (2) oxidizer; and (3) solvent. It safely soaks away discolorations—even dingy film and smoke stains.

IMPORTANT: A recent survey proves more dentists now give KLEENITE than all other denture cleaners *combined*. Soaking with KLEENITE beats even the hardest brushing with an ordinary dentifrice. Get KLEENITE at all drug counters.

# State Milk Price Fixing Could Stand Some Change

Are Marin shoppers getting their full money's worth for milk delivered to doorsteps or bought off the shelves?

One answer, from a University of California study, is in substnace: California consumers are getting a fairly good deal, but not good enough.

An evaluation of California's milk price stabilization program was made at the request of the Governor by researchers of the Division of Agricultural Sciences at U.C.

The conclusion is that milk prices in California are not entirely out of line. But if savings resulting from modern retailing methods were passed on to consumers, the prices should be lower than they are.

Among recommendations made in the study is one with which we heartily agree. Someone representing the public (possibly a member of the State Consumer Counsel's Office) should participate in all milk price hearings and procedures.

The Consumer Counsel might go a step further and investigate methods of passing on to consumers some of the savings accruing from modern methods.

For nearly 30 years, the state has regulated fluid milk prices. Under laws initiated in 1935 and 1937, the Director of Agriculture sets the prices to be paid for milk at all levels of the marketing process.

More recently, price orders were modified to give discounts for larger volume deliveries and to customers willing to accept "limited service."

But because prices are fixed, the dealers in larger volumes cannot pass on the discount to the consumer by lowering the price of milk.

To illustrate, assume that the wholesale price to stores for milk is 22 cents per quart, and the consumer price is 24 cents. The small dealer gets a margin of 2 cents per quart.

On the other hand, a supermarket which gets 1,000 quarts per delivery would obtain a discount for volume. This volume dealer might get his milk for 20 cents per quart, thus making a margin of 4 cents per quart.

And yet, the supermarket cannot sell to consumers for less than 24 cents per quart.

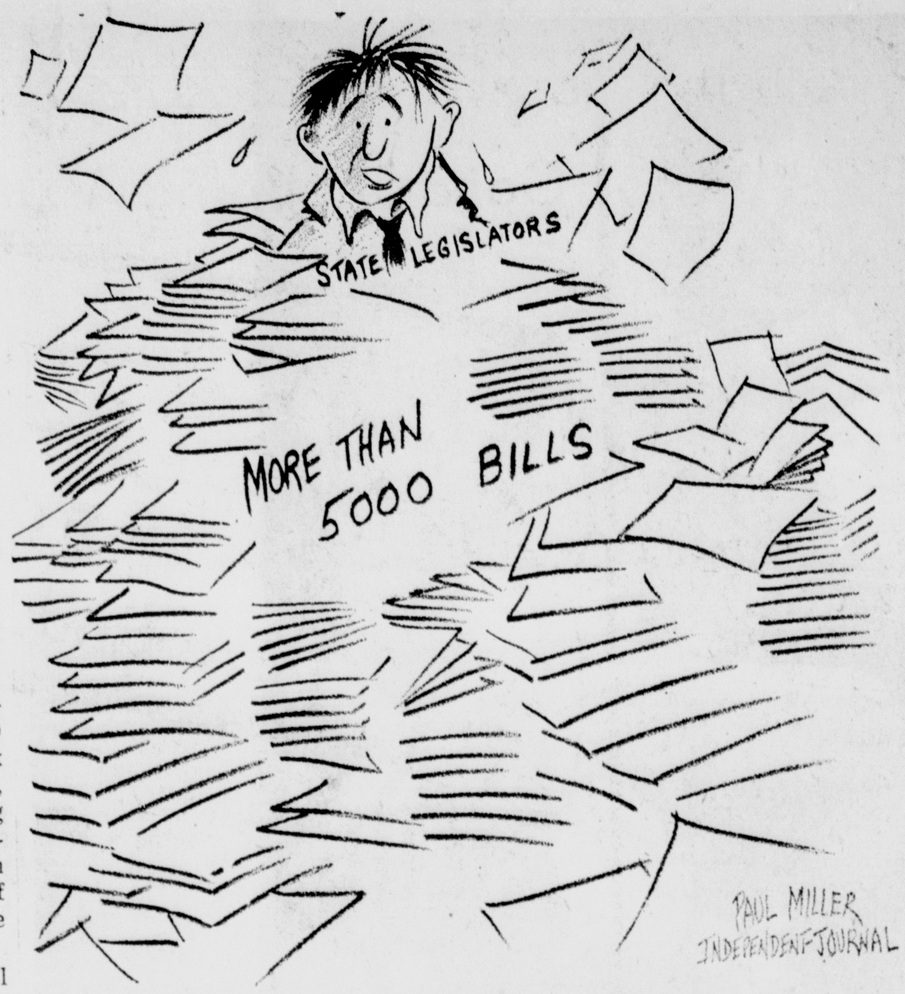

The benefits derived from more economical methods (like volume dealing) are thus transferred from the milk processor to the supermarket owner, but no further. The present pricing system is "forcing" low-cost, large-volume markets to take abnormally high margins. None of the benefit rubs off on the dairyman, who produces, or the public, who consumes.

The U.C. survey suggests several modifications, such as less rigid price fixing and more discretionary authority, or fixing a "true minimum" price low enough so that the actual prevailing prices would operate on a more flexible basis at above the true minimum.

The difference in prices between milk sold to military installations and those sold on the "outside" market is also a cause of friction. Established prices cannot be enforced on milk delivered to the military. As a result, milk delivered to commissaries and the price paid to producers for this milk have been far below state-set minimums.

This leads to the belief that the state pricing programs results in exhorbitantly high prices to "conventional" consumers.

These are areas which can be scrutinized by agencies like the Consumer Counsel. Through such scrutiny, we hope the Marin consumer will get the benefit of minimum prices consistent with a fair (but not exorbitant) return for producers and retailers.

"And they call this part-time work!"

## Two New Books Sharply Paint What's Wrong With Viet Nam

WASHINGTON (AP) — "It's a mess," President Lyndon B. Johnson told reporters the other day, talking about the war in Viet Nam. And nothing illustrates his point better than two books, just out.

They give a gruesome picture of a savage country—distrust, corruption, contempt and brutality — upon which the United States has spent about $4 billion and hundreds of American lives to try to save it from communism.

**THE BOOKS** are by two newsmen, Malcolm W. Browne of the Associated Press and David Halberstam of the New York Times, who last year shared a Pulitzer Prize for their coverage of Viet Nam.

Both books, Browne's "The New Face of War" and Halberstam's "The Making of a Quagmire," were finished before Johnson put bombers and Marines into the war.

Here's part of the picture of the Vietnamese people by Browne who has been in their country since 1961:

Most of them not only dislike Americans but hold them in contempt; he cannot think of one among the thousands of Vietnamese officials he has known who does not only distrust one another but treat their own racial minorities atrociously.

**THE BODYGUARDS** of the president or whoever happens to be in power are never Vietnamese but Cambodians. And well-to-do Vietnamese have such distrust of their own people they won't hire them as servants if they can hire Chinese.

Halberstam, who reported from Viet Nam for about 15 months, says of Diem:

Under him and his family Viet Nam became a "Communist-type country without communism. It had all the controls, all the oppressions, and all the frustrating, grim aspects of the modern totalitarian state."

**THESE SUMMATIONS** pretty well point the direction the two books take. Browne's is focused on the Vietnamese people, in Saigon and the countryside, the kind of war that has been fought, and why the Viet Cong guerrillas won most of the country, grabbing it steadily, year after year.

Halberstams book, more personalized, looks at American ineptness and stupidity, the the American failure to force Diem into reforms that might have won him support among the peasants who make up 85 per cent of the population, and the attempts by American officials to dish out soft-soap optimism for the people back home.

Halberstam particularly singles out the former U. S. ambassador, Frederick E. Nolting, who, he says, "could not understand that reporters wrote what they saw."

**HE BLAMES** Nolting for handing out continually rosy pictures of a war that was being lost.

Through both books runs one central theme: The failure by Diem and American military men, in particular, to learn they were fighting a new kind of war or even to learn from the mistakes of the Vietnamese snakepit.

Although Johnson insists American intervention is to stop a Communist take-over, Browne says the backbone of the Viet Cong is not the Communists but the peasants.

He notes their intense selfishness, their resentment of any government. He pays tribute to them as fighters but he says "I have personally witnessed more brutality in Viet Nam than in any other country in Asia."

**BOTH SIDES BEHEAD** one another, he says, and trot along with a string of heads, like trophies. Once he saw 17 heads piled up in the back of a truck.

No one reading either of these books will have any illusions left about Viet Nam.

### Novato Veterans Approach New Year

Editor, Independent-Journal:

With the election and installation of officers of the Donald V. Westlund Auxiliary No. 7816, Veterans of Foreign Wars, of Novato — another year has passed, and I am writing this note to thank you and the staff of the Novato office, Mrs. Newell in particular, for the help and coverage you have given us on our many projects through the year. We cannot accomplish our goals without the publicity. We have many worthwhile projects and feel we have contributed a great deal to our youth activities — welfare projects and our community this past year.

I have been chosen again, for the 15th year, as chairman of publicity, and hope you will help me and the auxiliary through another year, as you have done in the past.

### Army Officer Raps Drunk Test Editorial

Editor, Independent-Journal:

. . . I disagree with your editorial concern that the proposed use of unmarked police cars and the removal of blood from drunken-driver suspects might infringe upon "basic dignity and freedom".

. . . I would suggest that you spend your next holiday in the Emergency Room of almost any hospital. You will see how accidents abuse human dignity beyond your capacity to imagine. Would you equate that kind of indignity with that visited by a needle in the hands of a skilled technician or by a physician?

You also voice the opinion that this blood sucking out would be ". . . . physical assault on a person." The United States Supreme Court by a six to three decision stated: "As against the right of the individual that his person be held inviolable, even against so slight an intrusion as is involved in applying a blood test of the kind to which millions of Americans submit as a matter of course nearly every day, must be set the interest of society in the scientific determination of intoxication, one of the great hazards of the road. And the more so since the test likewise may establish innocence . . . The reviewer of the decision gos on: "The Court concluded in affirming the decision of the Supreme Court of New Mexico, that a blood test taken by a skilled technician is not such 'conduct that shocks the conscience' or such a method of obtaining evidence that it offends a 'sense of justice'."

Privileged as you are to mold public opinion and, mindful of that unique and great responsibility, I should have expected an editorial announcing quite clearly that the proposals which shock you are a not unreasonable inconvenience in the face of the frightful alternatives so familiar to us all.

### Woman Defended On School Comment

Edtor, Independent-Journal:

In Mrs. Ray Fernandez's letter printed May 4, Mrs. Wellman Topham of Tiburon is criticized because she expressed an opinion on the standards of taste pertaining to elementary school graduation rites, and Mrs. Fernandez's indignation is ostensibly expressed on the basis that Mrs. Topham has no children in school.

As long as Mrs. Fernandez, and the rest of us, cannot afford to educate our children without the help of Mrs. Topham and many other childless taxpayers, we must and ought to consider their opinions with respect, recognizing their right to express concern about values which reflect on the entire community.

Graduation is not a private celebration; it is a public ceremony marking the end of another year of society's effort to transmit the culture of civilization and prolong its survival. Surely, the citizens who pay for the schools have as much right, if not more, as those who are the recipients to determine appropriate standards.

At school tax and bond elections, one often hears the parent committees lament over the childless taxpayer who may vote no. It is no wonder if they do when parents expect them to both "put up and shut up."

### Fibrosis Foundation Expresses Thanks

Editor, Independent-Journal:

The members of the Marin Chapter of the National Cystic Fibrosis Research Foundation wish to express their thanks to all who attended their "Spring Dance", on Saturday, May 1, at the American Legion Hall in Mill Valley.

The success of the dance was due to the co-operation of the committees and the generosity of the Marin County and San Francisco merchants who donated the refreshments and food for the buffet dinner.

Proceeds from the dance will go for research and care centers of cystic fibrosis patients.

INSIDE WASHINGTON

# China Masses Army Inside Laos Border

By ROBERT S. ALLEN AND PAUL SCOTT

WASHINGTON — Red China has moved some 6,000 combat troops into Laos near the northwestern border of North Viet Nam.

Bivouacked in dispersed units in the Phong Saly area, the estimated seven Chinese battalions are equipped with artillery, mortars, anti-tank and heavy machine guns.

**EVIDENCE ALSO** points to the Communists' stockpiling considerable quantities of military supplies, particularly heavy weapons, in concealed depots in Laos.

These armaments are being transported by truck from North Viet Nam.

President Lyndon B. Johnson is fully aware of this sinister development.

However, other than seeking information, no overt action is being taken against them. Air strikes have not been authorized.

As in the case of Hanoi and Haiphong, principal port and military centers of North Viet Nam, these 6,000 Chinese troops are "off limits." All air attacks continue to be tightly determined by the president under his "controlled bombing" policy.

**EVERY TARGET** must be expressly approved by him.

It is his contention this strategy will compel the Communists to negotiate a settlement.

Movement of the 6,000 Red Chinese troops into Laos occurred as military authorities of the latter informed the U.S. that between 18,000 and 20,000 North Vietnamese regular troops are in Laos.

Some of these troops are being used against Laotian neutralist forces, others appear to be enroute to South Viet Nam for employment in a major Viet Cong offensive, later this month when the rainy season gets underway. The daily downpours and heavily overcast skies will severely limit U.S. operations through the summer and early fall.

As previously reported in this column, apparent aim of the Viet Cong-North Vietnamese is to split South Viet Nam south of the key Da Nang airbase.

U.S. military authorities have varying views on the purpose of the seven Red Chinese battalions in Laos.

One theory is that they are replacing the large forces North Viet Nam is infiltrating into South Viet Nam and Thailand. Under this thesis, the Chinese battalions constitute a defensive reserve for North Viet Nam.

The other belief is that the real intent of the Peking force is to exert pressure on U.S. allies to induce the U.S. to end bombing of North Viet Nam and not to further escalate the war. The British Labor government reputedly already has made such overtures.

Meanwhile, intelligence has warned of a disturbing Viet Cong development in the teeming slum areas of Saigon.

Communist terrorists and agents are infiltrating into these sections in large numbers in preparation for violent outbreaks timed to coincide with the anticipated Viet Cong drive to split the country south of the Da Nang airbase.

SACRAMENTO SCENE

# Consumer's Protector Turns Worried Eye On Younger Bride

By EDWIN S. CAPPS

SACRAMENTO (CNS)—Mrs. Helen Nelson, the state's consumer counsel, has shed temporarily her Sherwood green Robin Hood uniform to take up the role of Chicken Little and warn that the sky will be falling because the marketplace is about to be dominated by young people.

**"IF THE TREND** to early marriage continues," Mrs. Nelson warned, " and currently more women marry at 18 than at any other age and more have their first child in their 19th year—we must look ahead to a consumer market dominated by inexperienced family shoppers."

Mrs. Nelson says this is a sobering consideration but, to go along with this reasoning, a couple of basic assumptions are necessary.

First, one must assume that all merchants, merchandisers, food processors and packagers, and advertisers are ogres. One must believe this industry spends its time devising ways to cheat the public; hires staffs of con men who do research into means of preying on housewives' ignorance.

Secondly, to the oft-repeated inference of Mrs. Nelson that the majority of housewives are helpless, gullible, frivolous and stupid when it comes to managing the family budget, it must be added that young people are especially easy marks. Isn't it necessary for all people to be inexperienced when they first start to shop?

**OVER THE YEARS**, Mrs. Nelson has inferred that trading stamps are evil because the ordinary housewife doesn't know their cost is added onto the purchase price. She fears the average person doesn't realize there is interest or a carrying charge on time payments. She is exercised that, if processed foods are not in even measurements of pounds or pints, the housewife won't realize that a 14-ounce package of frozen succotash for 49 cents is not as good a buy as a full pound of succotash for 53 cents.

This is despite the fact that new and more stringent regulations over food packaging have been adopted and Mrs. Nelson's voice presumably was heard when the regulations were considered.

**PERHAPS UNDER** Mrs. Nelson's philosophy, the only way the consumer could be fully protected against the wiles of the merchandising devils would be through total government control of the marketplace.

But on the subject of government control, one might look to a report of a team of University of California economists concerning state regulated milk marketing operations.

The report said, in effect, that the rigidity of the state's milk marketing regulations resulted in consumers generally paying higher prices for milk than were necessary. By the state's setting prices to guarantee an operational profit for the least efficient store, the huge chains were making windfall profits at the expense of consumers.

While milk certainly must be considered an important item in any family budget, especially for the inexperienced young, we have not seen any comments come our way from Mrs. Nelson, insisting that the milk marketing system be overhauled.

**JERRY BEATTY** figures that those wily lads at the Internal Revenue department know all about New Year's Eve high jinks. One of their questions on Form 1040 income tax return reads, "Were you blind at the end of your taxable year?"

**TOM EWELL** tells of a student who was asked to identify the American President whose nickname was Old Hickory. The student answered, "Henceforth." Called forth to account for this unexpected reply, he produced his history text which read, "Henceforth, he was called Old Hickory."

**IT TAKES** a lot of cool heads to keep this old world functioning these days, but it's the odd-balls who provide the relife. Here's a freshly gathered basket of salty nuts:

1. The woebegone character a policeman spotted sleeping on the marble steps of the Public Library. "Don't you have a home?" asked the copper sympathetically. "I do," admitted the character, "but my wife's there."

# Henry Cabot Lodge's Popularity Not So High As Poll Indicates?

WASHINGTON, D.C.—First, I would add a postscript to my last column on the current thinking of the GOP elders: an addendum on the subject of Henry Cabot Lodge. To be fair, this roving Republican ambassador who has been busily engaged in pulling chestnuts out of the fire for two Democratic Presidents is not my favorite knight in shining armor, and I can name 100 who might have done more for the Republican cause in 1960 as Dick Nixon's running mate.

Nor am I apparently alone in my bias against Lodge. Out of thousands of letters from Republicans I received during the 1964 primaries, less than a score plumped for Henry Cabot.

**BUT A RECENT** Gallup Poll placing Nixon as the leading GOP contender in 1968 indicated the ambassador was runner-up, which seemed completely cockeyed to me. Without revealing my own feelings at all, I made it a point in my interviews to ask who might be the candidate.

On Nixon, the Gallup figures were fully borne out; but not once was Lodge's name even mentioned. Goldwater, Scranton, Romney, Sen. John Tower —yes, even Rocky, though he was last man on the totem pole — but not one vote for the Lodge scion. When his name came up at all, it was only in connection with Vietnam—in which case some hearty four-letter words went with it.

**I DID TRY IT OUT** on a Democrat, and he said gleefully, "Boy, we could beat Lodge even with Adam Clayton Powell!" And it all makes me wonder where Dr. Gallup does his polling. Only in New Hampshire?

As for the Young Republicans—by which I mean the 20-30 age group—they are, almost without exception, those who were attracted to the conservative cause by Goldwater. Listening to them is like rereading "The Conscience of a Conservative."

The same November election which dismayed their elders has not disheartened them — perhaps because they haven't had their heads bashed in so often. Indeed, organizations like Young Americans for Freedom have vastly increased their membership since the defeat—and that goes for almost all the Young Republican groups who so vigorously backed Barry.

**THE ARIZONAN** is still their idol, and they have a high regard for Sen. Tower, who was for him all the way. But they are realistic, and Dick Nixon, because he supported their candidate, might readily find them in his corner. But Romney, Scranton and Rocky would find it hard to elicit even two cheers from them: they are convinced the trio betrayed them, and, like the pachyderms of the adage, these young elephants never forget. As for Henry Cabot Lodge — well, their language matches that of their elders.

And—make no mistake about it, no matter what the bleeding-hearts tell you—these are no wild-eyed juvenile delinquents, mouthing empty shibboleths about maintaining the status quo. These are highly literate young men who have done their homework well and know what they are talking about. Whatever you may think of their case, they have solid facts and figures to present for it: don't try to tell them what's in Title 6 or Section 14-B of any particular bill, for they can quote it by heart.

If you gather I was impressed by them, I was. I watched a David Susskind TV program with half a dozen of 'em the other night, and I'd give my shirt to have any one of 'em debate that liberal spokesman. I know it'll never happen, for Susskind shows no intention of publicly committing hari-kari, but a fellow can dream, can't he?

These lads do not see the reversal of the socialist tide coming from the national level: they believe the turn must come from the local areas. That is why you see them fighting so hard in their local organizations for control: to name conservative candidates for city and state offices. Those progressive Republicans who would read them out of the party may be successful in some spots—but it would be only a Pyrrhic victory, for then there would surely be no party.

**BUT PERHAPS** the most striking item about this young herd of conservatives is their attitude on L.B.J.: though they think his domestic policies are for the birds, they back his firm stand in Vietnam even more vigorously than their seniors and far more, percentagewise, than the Young Democrats. And when you consider that if the war escalates this is the age group which will do most of the fighting and the dying, you know they are sincere.

Perhaps that adage may have to be revised, for some of the Old Guard are weakening: it is the Young Guard which dies, but never surrenders.

## I-J REPORTER'S NOTEBOOK

By THERON NEWELL

### Non-Playgoers Missed Insight To Novato Civic Center's Past

**THE PROGRAM** for "Two Sheets to the Wind," spring production of the Novato Community Club, had some interesting information in it which we would like to pass on to those who missed it.

By way of background, the Novato Community Club, Inc. owned and operated the clubhouse for approximately 40 years. There was a clause somewhere in the original club's charter that said when the City of Novato incorporated, the clubhouse would become the city's property.

Well, after the city did incorporate, a lawsuit was instigated and the city took possession of the clubhouse, changing the name to the Novato Community House.

That left the Novato Community Club tenants in their former building. Now they pay rent instead of upkeep on the building. However, the zeal for improving the building did not die with the change of ownership.

Since the fall of 1962, the community club has spent $2,245 on lighting improvements which includes $515 on lighting mounting channels, $438 in lighting instruments, $1,292; $2,070 in sound equipment which includes $1,400 for two auditorium speakers; $104 for an intercom system between the stage and projection booth and a professional tape recorder which cost $566.

**THEY ALSO** installed a second working curtain with track and stage braces for scenery amounting to $350.

This makes $4,665 which the club has put into equipment for giving better productions in the Community House, according to the information given by Erick Kollgaard.

With the club doing this much, one would think that the city would strain its finances to renovate the Community House. This was one of the things promised the club when the city took over. Then it was sidetracked by the purchase and remodeling of the Presbyterian church properties into a city hall.

**THE NOVATO FIRE DISTRICT** wants 500 cans, according to Fire Chief George Cavallero. The district plans on getting 500 small trees for landscaping purposes. It wants two and three-pound coffee cans or gallon cans to plant the trees in. Then, when they are well established, the trees will be used to landscape the sites of the new fire stations, especially the six acres which the district owns at Black Point.

The cans can be left at either station, the chief said.

**ALL EYES** in Marin and Sonoma counties are turned to Hamilton Air Force Base this week. It is Armed Forces Week with activities planned for almost every day and also the 30th anniversary of the dedication of the base.

It is once each year when the people of Marin County can pay tribute to the air base that is the biggest single asset to the economy of the county.

While it is that, it is also a strong arm that has acted as a deterrent to anyone foolish enough to think that he could win in a war with this country.

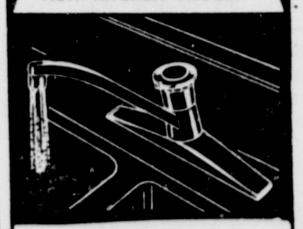

Hamilton Air Force Base men and women, Marin County salutes you.

## ALMANAC

Today is Tuesday, May 11, the 131st day of 1965 with 234 to follow.

**The moon is approaching its full phase. The morning star is Saturn. The evening star is Mars.**

American song writer Irving Berlin was born on this day in 1884.

On this day in history:

In 1832, the first U.S. political platform was drawn up for the campaign to elect Henry Clay president.

In 1846, President James K. Polk sent a war message to Congress concerning what he called an invasion of U.S. territory by Mexico.

In 1934, dust storms in Texas, Oklahoma, Kansas and Colorado blew hundreds of thousands of tons of topsoil eastward into the Atlantic Ocean.

**A thought for the day—Roman philosopher Epictetus said: "Whatever you would make habitual, practice it; and if you would not make a thing habitual, do not practice it, but habituate yourself to something else."**

## TIME AND TIDE

Department of Commerce, United States Coast Geodetic Survey, Western District headquarters. Times and heights of tides at San Francisco (Golden Gate):

The column of heights gives the elevation in feet of each tide above or below the plane of Coast Survey chart soundings. The depths are always additive to the chart depths unless preceded by a minus sign (-), when the numbers are subtracted from the depth given in the chart. Light-face type indicates a.m. times; **bold-face type** indicates p.m. times.

HOW TO PLAY

## WINNING BRIDGE

By ALFRED SHEINWOLD

### *Expert Must Work Out Exceptions To The Rules*

During the contest for the Harold S. Vanderbilt Cup a few months ago, a well-known player came to grief on a crucial hand because he knew the rules but hadn't worked out the exceptions to the rules.

Opening lead — ♡ J

South's opening bid of two clubs showed a game-forcing hand but not necessarily a biddable club suit.

**RESPONSE NEGATIVE**

North's response of two diamonds was "negative," showing a very poor hand without promising a real diamond suit. The rest of the bidding was very natural.

West opened the jack of hearts, and declarer played low from the dummy. East followed the ordinary rule of saving his ace to capture dummy's king. This bookish play cost East 1470 points.

South won with the queen of hearts and drew three rounds of trumps. He cashed the top diamonds, ruffed a diamond in dummy, and tried the spade finesse.

**QUEEN WINS**

West won with the queen of spades, but declarer still had a trump in dummy for his last spade. Six clubs, bid and made.

East should make the right play by reading the bidding. South went to six clubs without hearing a single strong bid by his partner. Obviously South had only a singleton heart.

If East took his ace of hearts at the first trick, declarer would later get a discard on the king of hearts.

**EVEN BREAK**

That discard would help him if South reversed his spade and diamond holdings. In this case East would get an even break by taking his ace of hearts.

In the actual hand, East would gain by taking his ace. An eventual discard on the king of hearts would do South no good since he would still have to lose a spade trick.

The correct play is to take the ace in this special situation since East gets an even break at worst. By failing to take the ace East gets an even break at best.

**DAILY QUESTION**

Partner opens with one heart, and the next player bids one spade.

You hold:

♠ Q 10 6 5
♥ J 10 8 7 4 2
♦ Q 5 2
♣ None.

What do you say?

**Answer:** Bid four hearts.

This shows fine trump support (usually five or more trumps), a singleton or void suit, and no more than 9 points in high cards. You are eager to prevent the opponents from discovering a fine fit in diamonds or clubs.

## DEEP WATER DOCK 2 BEDROOM HOME
**$33,750**

You love your boat and you love your home, so why not love them together. Sit on the large deck, looking over the bay at the Richmond Bay Bridge — and then — if the notion strikes you — walk 20 steps to your boat, turn the ignition switch and in 10 minutes you can be cruising right under the very same bridge. Come home — dock your boat, and look Mom no drive — because you are already there. On deep water for only $33,750? That's right! Will you be the lucky one?

# HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

## It's A Good Idea To Get Check Up For Diabetics

VAN DELLEN

Insulin was discovered in 1921. It was so successful that many physicians believed the diabetes problem was solved and further research unnecessary. Looking back, we know the treatment most diabetics received during the next three decades was far from satisfactory. Lives were saved but the majority lived long enough to suffer from the complications of premature aging.

Research is paying rich dividends in this field. Oral antidiabetic pills have been a boon to those with mild diabetes. Several types are available. Through research we now have additional information about the chemical structure of insulin and a more precise knowledge as to how and where it acts in the body. Several forms have been synthesized and are known to act on fat as well as carbodydrates. This information will improve our understanding and treatment of the disease.

**SOME DO NOT** know they have diabetes until they develop symptoms too serious to ignore. Others have no symptoms and the condition is detected during a routine urine or blood test. These individuals are ahead of the game because the disorder is diagnosed early, before symptoms are noted.

Through research we know that diabetes can be uncovered sooner than this. Blood tests are done demonstrating abnormal glucose (sugar) reactors. They have no symptoms and are not diabetic at this time but they develop the disorder 10 times more frequently than their normal counterparts.

**THERE IS A** possibility that diabetes can be recognized earlier than via glucose tests. Electron microscopic studies of tissues removed from the kidney arteries and ear lobes show definite changes in those with diabetes. Some nondiabetics also have these changes and time will tell whether they develop the disease in ensuing years.

Detecting the hidden diabetic rquires co-operation. The most sensitive test is of little value unless people are willing to have it done. This applies mainly to blood relatives or progeny of diabetics, the obese, and everyone over age 40.

**(Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request.)**

### POST-NASAL DRIP

S. J. writes: I have trouble with material dripping from the nose into the back of the throat. What would cause this condition?

REPLY

Unless the secretion is excessive, this condition may be considered normal. Send a stamped, self-addressed envelope for leaflet on post-nasal drip.

### ENDOMETRIAL TUMOR

M. S. writes: Is an endometrial tumor a malignancy?

REPLY

The endometrium is the mucous membrane that lines the inside of the uterus. Most tumors that originate from these cells are malignant. The endometrial polyp also is a tumor. Some of these are malignant, others are not.

### FACIAL RASH

R. R. writes: Can angina pectoris cause a severe rash on the face?

REPLY

No. Chest pain is the main symptom of this disease.

# 'Dream Lab' Working To Project Thoughts

By CHARLES SCHAEFFER
Advance News Service

NEW YORK — Step into the "Dream Laboratory."

In one room a psychologist lies on a bed dreaming peacefully.

Next door, a wide-awake psychologist sits in front of a painting by Jose Orozco, the "Zapatistas." It depicts a group of Mexican men and women in shawls and sombreros.

**An electronic gadget aimed at the sleeping psychologist shows his eyes are making rapid movements, a sure sign he is dreaming. So the wide-awake psychologist starts concentrating on the picture.**

The object: To see if he can project his thoughts into the dream.

A few minutes later, the dreamer is awakened. He is asked to describe the dream.

"A storm. A rainstorm," he says." It reminds me of traveling. Approaching a rainstorm, thundercloud, rainty . . a very distant scene. For some reason, I get a feeling of memory, of New Mexico, when I lived there. There are lots of mountains around New Mexico, Indians, pueblos. Now my thoughts go to almost as though I were thinking of another civilization."

Dr. Montague Ullman, director of psychiatry at Maimonides Hospital, Brooklyn, said that one independent psychiatrist studying this dream report found several words indicating evidence that some mental telepathy may have occurred in the experiment.

They key words are "traveling," "a very distant scene," "New Mexico," "Indians," "pueblos," and "another civilization."

A dozen such experiments conducted at Maimonides and the Parapsychology Foundation of New York were described at the American Psychiatric Assn. annual meeting. The "drean laboratory" was devised to test the validity of claims that another's thoughts can intrude one's dreams.

**Famed psychiatrist Sigmund Freud long ago described patients who said they foresaw in their dreams details of catastrophes, such as ship sinkings, in which friends or relatives died. Many persons since then have claimed similar experiences.**

But many scientists believe thought transferral is nonsense. Alfred Adler, an early Freudian follower, dismissed it as a neurotic attention-getter.

No one has been able to prove it one way or another. But the dream laboratory experimenters think they have developed tantalizing evidence with their picture-gazers that it actually may be true. It depends upon what one reads into the dreamer's report.

For example, in another experiment Rousseau's "Football Players" was used as the picture. The dreamer later said: "Oh, I think of summer camp. I remember . . . that lou have to be able to tip over a canoe and right it again or something like that. These were obstacle tests."

The researchers said "summer camp" was an "association" with the painting.

The romping sportsmen wore striped uniforms, which looked something like striped bathing suits. Hence, a summer camp.

**However, in none of the experiments was the dreamer able to receive a full and correct picture.**

# Ban Is Studied On Devices For Eavesdropping In U.S.

By EDWARD J. MOWERY
Advance News Service

WASHINGTON—Mom, invited to spend the evening at her neighbor's house, attached a wireless microphone to baby's crib and kept track of baby's problems via FM radio.

**Executives of the Smith Co., discussing the marketing of their sensational new product failed to detect a super-snooper device taped under the table. Their competitior was monitoring every syllable of the secret confab.**

As for the jealous, estranged husband who took a room a few doors away, a tiny transistorized gadget stashed in a table lamp at home kept him fully informed on the conversation of his wife and her guests.

These are samples of electronic eavesdropping, currently the subject of numerous complaints to the Federal Communications Commission.

The FCC may soon put into effect its proposed ban against the use of such devices for eavesdropping purposes.

"With the advent of miniaturization in the manufacture of radio transmitters," the FCC declared, "the use of electronic devices for eavesdropping has become more prevalent.

**"As a general rule, electronic eavesdroppers utilize devices designed to be operated on unauthorized frequencies, and . . . can neither be licensed nor operated . . . under the commission's rules.**

"However, we cannot ignore the fact that a great many radio devices licensed for use within the various radio services may be readily adaptable for eavesdropping purposes."

The FCC is weighing a change in its regulations to meet the challenge. Exempted would be law enforcement operations "conducted under lawful authority," and conversation of a person who has consented to the electronic "bugging."

The boom in electronic eavesdropping (and subsequent complaints, John Summers explained, began with perfecting tiny transistors leading to the commercial "shrinking" of transmission devices.

**Some "eavesdroppers" — consisting of transistors, microphone, transmitter and antenna—are no larger than a match box. Summers, an attorney on the staff of the FCC's general counsel, said:**

"The public is undoubtedly worried and we've been getting letters from people who suspect their premises are 'bugged.' We also undrstand that a lot of industrial espionage is going on through use of the same devices."

Summers conceded that making a case against electronic eavesdroppers can be an almost hopeless task.

"We must discover locations of both the transmitter and listening posts and catch the eavesdroppers in the act," he said. "And they're virtually impossible to locate (at the pecise time)."

Super-snoopers are used on both AM and FM frequencies, he said, between 30 and 130 megacycles. Most are geared to FM transmission.

Wouldn't the gadget create interference on the congested AM radio band?

"Yes," the official said, "and that's the last thing these people want to do. So they mostly use FM. There's also potential danger if these broadcasts get into the aeronautical radio band, but we've had no complaints on that score."

**Wireless transmitters, Summers added, are harmlessly used by instructors, actors, lecturers and others whose voices are fed into public address systems. The have freedom of action without dangling wires.**

What are other practical uses for the eavesdropping variety?

"Electronic babysitters are in wide usage," he declared. "Mom 'bugs' the baby's crib, choosing a certain transmitting frequency. Then she goes to the neighbor's house for the evening.

"By tuning the neighbor's radio to the same frequency, she can hear the baby cry or any type of disturbance in the nursery. I'd say this is a very practical application, used most successfully on the FM band.

"Another similar monitoring technique is being used in some apartment house elevators. Screams of an elevator passenger in trouble are amplified on a receiver being monitored by a watchman."

Industrial espionage, employing a $150 "bug" secreted on a competitor's factory premises, Summers observed, can unveil $50,000 worth of confidential information.

Electronic snooping by an estranged husband, however, can have complications.

A transmitter planted recently in the apartment of a Pennsylvania woman allegedly by her estranged spouse, let to an unexpected "program" on a neighbor's radio. The neighbor explained:

**"We turned on the radio and picked up what sounded like a family having supper. We thought it couldn't be a performance because it was too natural, a woman telling her kid to eat her lettuce, and talking about having a sick cat treated by a veterinarian."**

The irate woman whose apartment was assertedly "bugged" swore out a warrant for the arrest of her estranged mate. She heartily agrees with this observation by the FCC:

"It may generally be stated that eavesdropping, by any means, has traditionally been regarded as contrary to the public interest."

# Former Chinese General Living, Painting In Marin

By FRANK FARRARA

Gen. Tang Tzu-Chang, once deputy commander of Chinese forces, has settled in San Rafael to write, paint and, perhaps, to lecture.

In his military days, Gen. Tan directed the last defense of Shanghai in World War II and led guerilla forces who rescued Gen. James Doolittle and his men when they crashed in China after their first raid on Tokyo. Now he is a writer, painter, lecturer and philosopher.

Nevertheless, he sees no great conflict in the two careers.

**"In China, masters of art and poets are, with certain exceptions, generals," he said. "Not all generals are artists, but almost always the masters are."**

The general's paintings have been described by two critics, in England and Washington, D.C., as bridging the gap between Chinese classic and French impressionists.

Gen. Tang, a member of one of China's first families with an ancestry he can trace beck 40 generations, entered the Army at an early age and moved upward quickly.

**Starting his military career in 1924, he rose to the rank of brigadier general by 1931, when he was only 27. Eventually, he rose to be China's second-in-command, exceeded in authority only by Chiang Kai-shek.**

When the Communists overran China, confiscating his estate and fortune in the process, General Tang took a post as military attache for Nationalist China in Rio de Janeiro.

While at that post, he took the unusual stance of trying to pass himself off as a colonel. He did so, he says, because he could not afford to live, or to entertain, in the fashion expected of a general on the pay he got from Formosa.

**He retired from the military in 1949 and came to the United States. At one time he managed an art shop in Washington, D.C., but gave that up because he was losing money.**

He taught at the National Art Gallery in Washington, and has written several books on Chinese culture and art and international politics and war.

General Tang, who has two sons studying at universities in the Bay Area, recently moved to San Rafael from San Francisco.

**"One reason I moved to San Rafael is that it is something like my hometown, with the hills around. The landscape is beautiful," he said.**

"The climate here is wonderful. The city was too noisy, I could not write and it was too expensive."

General Tang does not expect to go back to his homeland. He plans to remain indefinitely, at his modest studio-apartment at 1130 Mission Avenue—writing, painting, and usually surrounded by his landscapes and paintings of horses, in hand carved frames which he fashioned himself.

The general, who receives no pension from the Nationalist Chinese army, said he hopes to "sell or rent" his paintings and find some lecture engagements.

# Air Froce Prepares Rocket Launching

By WILLIAM E. HOWARD
Advance News Service

WASHINGTON—The U.S. Air Force is preparing to launch the world's mightiest space rocket —the Titan 3-C—on its maiden flight in mid-June.

Developers of the rocket's unique "zero stage"—two enormous solid-fueled boosters—say they are confident it will prove an important boon to space technology. The technique can be applied to other big rockets.

**But whether successful or not, there's still a good chance the Titan 3-C may turn into a white elephant. The Air Force lacks jobs, particularly a man-in-space mission, for its 25,000-pound orbital weight-lifting capacity.**

Nevertheless, the rocket's 2.4 million-pound-thrust will put the Air Force in possession of the largest known space booster. It is a major jump over the National Aeronautics and Space Administration's Saturn I, a 1.5 million - pound - thrust machine that appears on a par with Russia's Voshkhod booster. The Tital 3-C will remain tops until NASA flies its Saturn 5 moon rocket, which has 7.5 million pounds of thrust, some time in 1967.

Details of the "zero stage" were disclosed by Engineers United Technology Center, a division of United Aircraft Corp., which built it. They call it the zero stage because the solid-fueled boosters are strapped on either side of the Titan 3-A, which has a first, second and third stage.

**"We tried to think of a name which wasn't confusing," one engineer said. "But I guess if we add any more stages, we'd have to name them 'minus.'"**

The two solid-fueled boosters are tank-like in shape. They measure 10 feet in diameter and 75 feet in length. The Titan 3-A in the middle is also 10 feet in diameter and about 100 feet tall. On the launch pad at Cape Kennedy, this gives the fully assembled Titan 3-C the appearance of three giant fingers bound together.

Another reason for the "zero stage" name is that the two solid boosters are ignited first on the pad. They boost the Titan 3-C to an altitude of 25 miles. At this point, the first-stage engines of the middle rocket, which uses liquid fuels, are ignited.

**The expended boosters are then cut loose by explosive bolts and drop back to earth while the rest of the rocket heads upward toward an orbit 100 to 300 miles high.**

Each section is manufactured separately, filled with rubber-like fuel and transported on railroad flat cars to the cape. There, they are stacked up and bolted together.

The number of sections can be varied from two to seven to provide a variety of booster power. It is this feature that the engineers believe could be applied to NASA's Saturn rockets.

Studies show that the addition of two four-section solid boosters to the Saturn 5 could increase its into-orbit weight-lifting capacity from 220,000 pounds to 290,000 pounds, the engineers said.

# 'Pilgrim Adventure' Good Western Saga

By RICK DU BROW

HOLLYWOOD (UPI) — A two - season television experiment in history-telling on a popular level came to a successful conclusion last night with ABC-TV's one-hour "recreated" documentary, "The Pilgrim Adventure."

The broadcast, which told of the seeking of religious freedom that led the Pilgrims from England to Holland and finally to the New World on the Mayflower, was the seventh of the "Saga of Western Man" specials of husband - and - wife team John Secondari and Helen Jean Rogers.

Last season the specials took the titles of key years in Western history — "1492," "1776," "1898" and "1964." This season the programs have been "I, Leonardo da Vinci," "Custer to the Little Big Horn," and now "The Pilgrim Adventure."

The programs, as a unit, have been refreshingly unpretentious in their aim for popular consumption. They have made no claims to satisfying the graduate school league of expert historians or the brilliantly informed, though they may well have done so at times simply because of their presentation. At the same time, they have been excellent examples of how to nurture interest in history among youngsters and adults with still a few things to learn and appreciate.

In fulfilling its aim, therefore the series has been one of genuine distinction. In addition, the programs have managed to combine with this popular appeal a cultivated appreciation for works of art, for impressive color photography, for editing and polished scrip - writing and for model construction of a documentary.

I think, however, what may be most refreshing about the series has been its healthy attitude toward the imperfections of mankind — no mean feat in these times — and its humane perspective of men in the long run.

CBS-TV used the Early Bird satellite last night for a half-hour broadcast from Finland marking the 100th anniversary of the birth of composer Jean Sibelius. It was a first-rate little show, offering a look at the house where he lived, and a presentation by the Finnish radio symphony orchestra of his stirring musical plea for freedom, "Finlandia."

**CHANNEL SWIM:** Tunisian President Habib Bourguiba is interviewed on CBS-TV's "Face The Nation" Sunday . . . Harry Belafonte is reported set to preside over two CBS-TV specials next season . . . Bob Newhart, who had been scheduled as a guest for Jack Paar's NBC - TV show Friday, will not appear . . . The featured guest on the hour is Sen. Everett Dirksen.

## Girl Has Triple Role In 'Fair Lady'

Maeanne Jackson, daughter of Mr. and Mrs. Richard D. Jackson of 113 Convent Court, San Rafael, had a triple role last weekend in the presentation of "My Fair Lady" by St. Mary of the Plains College at Dodge City, Kans.

Miss Jackson, who is a junior at the college, played the role of Mrs. Eynsford-Hill, appeared also as one of the dancers, and did the publicity for the production.

## Election Slated

Directors of the Marin Audubon Society will elect new officers for the society tonight at 8 o'clock in the classroom at Ross General Hospital.

# Rededication Slated For Marin's Air Base

Hamilton Air Force Base will be rededicated tomorrow on the 30th anniversary of its original dedication, May 12, 1935.

The ceremonies will start with a luncheon at noon at the noncommissioned officers club. William D. Fusselman, former Marin County supervisor who was active in obtaining Hamilton Air Force Base for Marin County more than 30 years ago, will be the master of ceremonies. Maj. Gen. (Ret.) Conrad F. Necrason, former commander of the 28th Air Division with headquarters at Hamilton, will be featured speaker.

The rededication ceremonies at the flag pole in front of the headquarters building will start at 2 p.m. with Peter H. Behr, chairman of the board of supervisors, presenting a plaque to the base from the people of Marin County.

Col. Ralph M. Wanderer Jr., base commander, will accept the plaque for Hamilton.

Maj. Gen. Carroll W. McColpin will be the featured speaker at the rededication ceremonies.

The event will conclude with an informal reception at the officers' club.

Richard Nave, president of the Novato Chamber of Commerce, with the assistance of William A. Gnoss, supervisor for North Marin County, headed the committee which made the arrangements for the ceremony.

## Reed Trustees Due Bids Report

Trustees of Reed School District will meet at 8 p.m. today at Del Mar School to hear a report on grading practices and consider bids for an addition to Granada School.

Trustees are expected to approve a bond redemption schedule for $7,000 in bonds, which might affect the tax rate, and take a position on the proposed Tamalpais High School District bond election expected in the fall.

Also on the agenda is consideration of "the next appropriate step . . . in the reorganization of school districts in southern Marin."

## Pump Bids Discussed

Muir Beach Community Services directors met Saturday at the district's new well site with Charles R. Bartley of Bartley Pump Inc., Santa Rosa, to discuss a bid for a submersible pump to pump water from the well to tanks on the hill. No action was taken, said Jack F. Harris, board president today, the board agreeing to ask for other bids also.

# Pro-Harbor Meeting Set For Bolinas

Bolinas Harbor District commissioners, disturbed at the many meetings they have been attending at which they say "hurdles" have been placed in the path of Bolinas harbor development, will hold a special meeting at 8 p.m. Thursday at Bolinas Community Center to discuss the subject.

Purposes will be two-fold, said Clyde W. McDaniel, board president;

1. To consider various zoning ordinance meetings regarding Bolinas Lagoon and, particularly, those concerning lands of which the district is custodian of and,

2. To discuss a legal opinion received from the counsel of the State Lands Commission, which reads: "Where there is a conflict between the terms of a legislative statute or a city ordinance (and the same thing, we believe, would also apply to a county zoning ordinance), the decisions indicate that the legislative statue would prevail."

King said this quote indicates to him the commission should be permitted to proceed to build the harbor under state law, with cooperation of the county planning commission.

More than 55,000 Turks — the largest group of foreign workers—are employed in West Germany.

# Novato To Learn How Much Civic Center Study To Cost

Louis J. Kroeger of Griffenhagen-Kroeger Inc. of San Francisco, will give the Novato City Council a price on a civic center survey at its meeting at 8 p.m. today in the Novato Community House.

He will also report what public agencies he thinks should be included in the civic center.

The council will take up a request by the Little League for a $6,500 city donation.

The parks and recreation commissiont has recommended that the city give $500 immediately and consider more as the baseball season progresses.

The council will also discuss possible revision of the city's solicitor's ordinance. Mrs. Irene Zanecki of 17 Hillswood Drive, Novato, last week asked the council to enact an ordinance outlawing door to door selling.

Other items on the agenda include an application of Fun Fair Shows for a carnival license for the Nave Shopping Center and an appointment to the parks and recreation commission to fill the vacancy left by resignation of Donald Slezak.
